## Editors Note.....

Dear colleagues & friends,

It is the pleasure of Editorial Board to place before you the second issue of News Bulletin.

Indeed, it was a tough time for the Board to choose & select the the news items from voluminous information received indicating the wide spectrum of good number of academic, curricular and extracurricular activities going on in the University. The Editorial Team has tried to incorporate as many as possible.

The Editorial Board welcomes suggestions.

**Students write.....****BLDE UNIVERSITY - ONE UNIVERSITY AND MANY OPPORTUNITIES**

I consider it as my privilege to write a brief note on my Alma Mater –BLDE University.

BLDE University status was conferred in 2008 to Shri B M Patil Medical College for its high standard of quality education and research over two decades. The campus spread over 53 acres in the heart of the historic city of Bijapur was donated by Smt Bangaramma Sajjan, and hence the name “Smt Bangaramma Sajjan Campus”

The college boasts of possessing a well equipped departments and state of art library with a 1000 bedded hospital providing emergency, primary to tertiary care services. Students from various parts of the country and abroad are pursuing studies at graduate and postgraduate level in health sciences. We have renowned staff, teachers, philosophers and administrators.

2nd May 2011, recollecting my first day in the college, I came here with so much apprehension and confused mind. But today as a Post graduate in the department of Pediatrics, I have no regrets. Teachers and staff in the hospital in general and in department of pediatrics in particular have been so welcoming and ever ready to clear our slightest queries. In spite of my busy and hectic schedule, it feels good to be having an enjoyable working atmosphere. Being monitored for every procedure and yet given a free hand, it gives a sense of security and instills confidence in me.

The stay in the hostel has very been comfortable with spacious well ventilated rooms, hostel staff with good hospitality and good mess, although, initially I could not relish the food.

Our university has a huge play ground, tennis/badminton courts and a jogger’s lane created for fitness freaks. Amidst thick green trees is situated Lord Ganesh’s temple with a serene environment keeping me optimistic and giving me courage to face highs and lows of life.

All in all, it has been a wonderful experience so far and I call it a HOME AWAY FROM HOME.

## Research Collaboration with Emory University, USA

There is an ongoing research collaboration with Emory University, USA. In 2010 one of our faculty member Dr. Shailaja Patil, Professor of Community Medicine was selected for fellowship "Prevention of Non-communicable Diseases in India" at Emory University, Atlanta, GA, USA through Centre for Chronic Disease and Control (CCDC), New Delhi. After completion of her Fellowship at Emory, the collaboration continued when BLDE University and CCDC, New Delhi jointly organized a Research Methodology workshop for medical faculty of Northern Karnataka Medical Colleges in July 2011. Dr. K. M. Venkat Narayan, Professor Global Health Department, Emory University, visited on November 12, 2012, where he gave a guest lecture.

Dr. Patil's research project titled "Home Environment and adolescent unhealthy weight status a School based study in Bijapur" was awarded a grant from the National Institute of Health (NIH), USA. This study was developed by Dr. Shailaja Patil during her fellowship at Emory under the mentorship of Dr. Solveig A. Cunningham. The study was carried out with great success in 2012, during which period Cunningham visited BLDE University to help to start the research project. The follow-up of this study will be done in June-July 2013 by the Global Health Institute team from Emory University. Prof. Shiva Halli, Professor from Manitoba University was instrumental in organizing interactions, whose continuous efforts have been taking forward the University collaborations.

### Ph.D. Scholar from Emory University –Nida Shaikh

Nida I. Shaikh, a Ph.D. scholar of Drs. Venkat Narayan and Solveig Cunningham from Emory University was awarded a NIH Fogarty Global Health Fellowship to work with Public Health Foundation of India (PHFI) at our University, under the mentorship of Dr. Shailaja Patil. Nida is working towards strengthening, Emory-BLDEU Collaborations, building research capacity and carrying out her research project on "Home Environment and Nutrition transition among youth"

## Homage

**Dr Chandrashekhar R Bidri**, Former Dean  
MBBS, MD, DCH, DDV, DV&DC, FCPS, FRSH(LON) FCCP, FICA(USA)  
(1931 - 2013)

Prof. C. R. Bidri, former dean of the Shri B. M. Patil Medical College, passed away on 2<sup>nd</sup> February 2013 due to prolonged age-related illness.

Dr. C. R. Bidri, son of renowned politician Shri Ramappa Bidri of Bilgi, completed schooling, joined Grant Medical College, Mumbai to pursue MBBS and completed double post-graduation in Paeditrics and Dermatology. He went to London, UK and then to USA for higher studies and clinical expertise.

He returned to home town Bijapur to serve as Pediatrician. He associated with many organizations like Lions Club, Rotary Club etc and educational institutions for the cause of social service. He was instrumental in establishing Indian Medical Association Branch in Bijapur.

In 1986, BLDE Association under the stewardship of Shri B. M. Patil established Medical College; he was invited to join as Dean. He along with the Principal guided firm footing and growth of the Medical College in right direction. It was his efforts which helped the Medical College to earn permanent recognition from Medical Council of India in 1991.

He was popular teacher among the students and patient-friendly paediatrician for the patients of Medical College and Hospital. The institute has lost a great mentor, a guide and iron-man, who stood firmly by students & faculty in difficult times.
