DEPARTMENT OF COMMUNITY MEDICINE

Report of Guest Lecture on the occasion of “WORLD HEALTH DAY”

A Guest Lecture was organized by Department of Community Medicine, on the occasion of World Health Day on 07.04.2021 at Demo Room, Dept of Forensic Medicine, between 3.15 PM to 5:00 PM.

Dr. Shailaja S. Patil, Prof. & Head of Dept of Community Medicine, Welcomed the Guest Speaker, Medical & Nursing Faculty, UG, PG & PhD Students. Dr Rashmi Hullalli introduced the guest speaker.

The Guest Speaker Dr. Devaji V Patil, Nutrition Team Lead: State Resource Unit, Bihar (Bill & Melinda Gates Foundation Funded), and CARE India. (Distinguished Alumni of 1988 Batch of Shri B. M. Patil Medical College, Hospital & Research Centre, Vijayapura). He spoke about his experience of working with different International Developmental Organizations & on specific topic Exclusive Breast Feeding and Growth Monitoring Linkages – Implementation challenges and perspectives

He shared his work experience of working with Developmental Organizations especially in last 10 years in Bihar. He told he worked in both public and private sector taking risks, and being curious to learn will help a lot in progressing professionally. He told working in the public health provides immense satisfaction. He highlighted about “Empathy driven Entrepreneurship” concept, highlighted how this Entrepreneurship in young people helps in building “Atmanirbhar Bharat”.

In his talk on specific topic he connected the link between Exclusive breast feeding and growth monitoring from his analysis done in Bihar (NFHS 5 data). He also explained the role of correct method of exclusive breast feeding, complimentary feeding at the right age helps the babies in growth and development. He demonstrated the correct way of breast feeding, good attachment with the help of videos. He specifically pointed out that infants breast fed within the “First hour of birth” are three times more likely to survive than those who have the breast milk after a day. At the end healthy interaction was observed between students and the guest. Medical and Nursing faculties, UG, PG & PhD Students were present. High tea and snacks was arranged.

IMPACT:

- He told multiple disciplines Medical (OBG, Pediatrics, Community Medicine), Nursing need to understand and implement these techniques to help both mother and child, which in turn will reduce Child Malnutrition.
- Knowledge about Exclusive Breast Feeding and Complimentary Feeding and link with Child Nutrition and the Growth was well understood.
- The UG, PG & PhD students gained the knowledge about working in Public Health Developmental Organization.
