Member told to start with writing objectives for each topic in the department level, so that number of hours can be estimated for each topic & plan for Integrated Teachings.

- For skill assessment, plan them for small groups through assignment & log books have to be made for undergraduates.
- “All Must Know Topics” have to test for core competency.
- Humanities is a new topic which is new & in demand and can be taught As value added course.
- More clarity on Integrated topics can be planned after initial CISP trainings at Medical Education Department. All concerned departments have to sit together to plan vertical and horizontal integration of curricular topics.

Revised PG Curriculum:

- Keeping CBME in view, external BOS member Dr.Padmaja R. Walvekar, Prof. & HOD suggested to make Medicine, Pediatrics & OBG Postings for 1 month duration each in the beginning the 1st year of PG course, so they can be exposed to treat patients when posted at RHTC & UHTC.
- Discussion regarding practical scheme of examination was done & external member suggested instead of full staining procedures in public health practical's during final practical exams, only interpretation of slides, especially serological kit results can be kept.
- Inclusion of Medical Education Techniques in 4th paper theory exam was appreciated by external BOS member & she told to mention specific topics that will be covered under it in the curriculum for that paper.
