DEPARTMENT OF RADIO-DIAGNOSIS

Ref.No. / 2016

Date: 08-08-2016

BOARD OF STUDIES (BOS) OF DEPARTMENT OF RADIO-DIAGNOSIS

MINUTES OF THE BOARD OF STUDIES OF RADIO-DIAGNOSIS MEETING

Held on date: 06.08.2016

Venue & timing: Academic Council Hall of BLDE University at 11:30 am

The following members of BOS attended the meeting:

- | | |
|----------------------------|---|
| 1. Dr.B.N.Lakhkar | - Prof & HOD (Chairperson) |
| 2. Dr. Rajagopal K V | - Prof. & HOD, Department of Radio-Diagnosis from KMC, Manipal. |
| 3. Dr.R.C.Pattanshetti | - Professor |
| 4. Dr.B.R.Dhamangaonkar | - Professor |
| 5. Dr.Praveen.M.Mundaganur | - Asst Professor |
| 6. Mr.Suresh,M.Sc.MIT | - Special Invitee |
| 7. Co-opted Members | - Dr.RameshV.Mankare
- Dr.Bhushita.B.Lakhkar
- Dr.M.M.Patil |

➤ Dr.B.N.Lakhkar, Prof & HOD chaired the meeting and welcomed the BOS members.

Following was the agenda for the meeting:

1. Confirmation of minutes of previous meeting
2. Revision of UG curriculum
3. Curriculum of allied courses
4. Recognition of Ph.D Guide/PG Teachers
5. Review of existing Courses
6. Curriculum of Pre Ph.D Examinations
7. Panel of Examiners
8. Question papers Vs. Results analysis
9. Any other matter with the permission of the Chair
1. **The minutes of previous BOS meeting were circulated & read out. They were approved by all.**

2. **Revision of UG /PGcurriculum** : Dr.Lakhkar informed the members about the revision of UG curriculum.

The entire curriculum was divided into:

1. Must know – 70%
2. Desirable to know – 20 %
3. Nice to know – 10%

It was further informed that for Radiology this was not of much use as a short note is only asked usually in question papers for Surgery/Medicine/Pediatrics. However for major clinical subjects, this type of division will be helpful for students.

Different teaching & learning methods will be used for UG, mainly OSPE & Quiz.

3.Curriculum of allied courses : Dr. Lakhkar presented the curriculum approved by the university for the 1st and 2nd semester of B.Sc. MIT.

Mr.Suresh (incharge of B.Sc MIT at Manipal) informed the members that similar syllabus is implemented in Manipal with 70% Practical & 30% Theory weightage in examinations. He further added that as per the NAAC & UGC guidelines, they have added Indian Constitution & Environmental sciences in the syllabus from first year in addition to Communication skills.

Dr.Lakhkar felt that Communication skills is of great importance for the students. But it can be covered in either 5th/6th semester so that students are matured enough to understand its importance.

Mr.Suresh does not have much experience about the new subjects that are added in KMC Manipal. They are planning to hire subject experts to cover these topic for all the allied Sciences students.

It was the collective opinion of the board that we should not induct these topics in a hurry. After understanding the subject & its impact they can be introduced in a phasic manner in this course.

These subjects will have only internal examination (conducted in department only).

Faculty for B.Sc MIT

It was informed by Mr.Suresh that most of the B.Sc MIT students are opting for M.Sc MIT at Manipal. Hence at present they do not have any excess B.Sc MIT graduates. Dr.M.M.Patil enquired about payscale.

Mr.Suresh informed that it was as follows

B.Sc – 22,000 approximately / month

M.Sc – 50,000 approximately / month

It was felt by all members that we should get B.Sc MIT qualified person for our institution, at present as the remuneration for M.Sc MIT is higher.

Pattern of Exam:

The proposed pattern of exam at BLDE was informed to all members. Similar pattern is followed at Manipal.

Examiners

It was decided to prepare a panel of examiners shortly & submit to controller of examinations.

4. Review of existing Courses

Dr.Lakhkar informed the members about the new syllabus preparation for PG Courses.

The last 2 examination papers were reviewed and it was observed that moderation of theory papers needs proper direction.

Currently, it is being done by external examiners and they are not accountable for the lapses to correct these defects. It was proposed that we should have both an internal & external moderator who will sit together and moderate theory papers. This method is followed in many universities. In this method, the internal examiner will be accountable for any lapses in theory papers. Moreover MCI guidelines will be followed.

Posting to other institution:

It was informed to members that we are proposing to send the students during last 3 months to NIMHANS, Bangalore so that they can utilize this time to study. It won't be compulsory & student can continue in parent institution, if they want to.

Physics faculty:

For B.Sc MIT & MD Radiology, there is a requirement of a physicist who can understand Radiation physics. A physics teacher from a science college will not be suitable for this purpose & hence a person with radiation physics background should be identified & appointed on a part time basis. Dr.Ramesh suggested Dr Nitin Gorde from Sangli. It was decided to approach him & discuss the matter with principal.

5. Curriculum of Pre Ph.D Examinations

It was discussed in depth & it was proposed that the subject should have higher weightage (50%) Research Methodology (35%) General Knowledge (15%). The above recommendation will be sent to controller of examinations for necessary action in the matter.

Panel:

A list of examiners for MD/BSC is being prepared & will be submitted to controller of examinations for necessary action.

A CME schedule was proposed by Dr.Lakhkar for academic year 2016-17.

The meeting ended with a vote of thanks to the chair.
