

**BLDE**  
**(DEEMED TO BE UNIVERSITY)**

Declared as Deemed to be University u/s 3 of UGC Act, 1956

The Constituent College

**SHRI B. M. PATIL MEDICAL COLLEGE, HOSPITAL & RESEARCH CENTRE, VIJAYAPURA**

**Central Library**

Ref: 404./LTS

Date: 23-12-2020

**TO WHOM IT MAY CONCERN**

It is certified that access to the best quality learning resources under the project “Study Webs of Active Learning for Young Aspiring Minds” (SWAYAM: <http://swayam.gov.in/>) is being provided to the students of BLDE (Deemed to be University) at E-Learning of the Central Library. SWAYAM provides an integrated platform and portal for online courses, using information and communication technology (ICT) in order to ensure that every student should be benefitted for learning material through ICT. There are a number of SWAYAM courses for which credit transfer is allowed to University. The students are enrolling themselves in SWAYAM courses. At present, limited number of courses available in the area of health sciences. A few allied courses are: (1) Genetic and Genomics; (2) Probability and Statistics; (3) Immunology; (4) Diet Management in Health and Disease; (5) Nutritional and Clinical Biochemistry; and (6) Principles of Biotechnology. Recently postgraduate students and research scholars have enrolled for research methodology course available at SWAYAM platform as per the Medical Council of India norms.

Subject: Welcome to SWAYAM-NPTEL Online Courses and Certification! - Basic course in Bio-medical Research

To: <prashanthgowda1692@gmail.com>

Dear course participant

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course "**Basic Course in Biomedical Research- Cycle 3**". We wish you an enjoyable and informative learning experience.

### Details regarding the course:

**Name of the course:** Basic course in Biomedical Research

**Course url:** [https://onlinecourses.nptel.ac.in/noc20\\_md03/preview](https://onlinecourses.nptel.ac.in/noc20_md03/preview)

All the lectures and the learning materials are now available on the course page. Please go through the following instruction before you access the course.

### ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- Announcement - will have messages from Admin team to update you about the course
- The discussion forum ('Ask a question' tab on the course page) - is for course participants to ask questions and interact. Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn more.
- If you have any admin related / general queries, you can post it in the respective section of the discussion forum ('Ask a question' tab on the course page).

### CONTENT AND ASSIGNMENTS

The course includes 23 lectures covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include - video lectures, lecture handouts, reading/resource materials, example accompaniment, workbooks and text transcripts.

Each lecture will have online assignments consisting of 10 Multiple-Choice Questions (MCQs). Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the final proctored exam.

### REGISTRATION FOR EXAMINATION:

Registration will open 3 months before the scheduled examination date. To register for examination, the participant will have to fill-up an online form and pay the examination fees of Rs.1000 online. The city-wise list of examination centres will be made available at the time of registration. A minimum score of 50% is considered pass.

### CRITERIA TO GET A CERTIFICATE

Participants who successfully clear the final proctored exam will be awarded an e-verifiable course completion certificate.

Once again, thanks for your interest in our online courses and certification. Happy learning.

**-Basic Course in Biomedical Research Team and ICMR-NIE course faculty**

### CONTENT AND ASSIGNMENTS

The course includes 23 lectures covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include - video lectures, lecture handouts, reading resource materials, example assignment, wordbooks and text transcripts.

Each lecture will have online assignments consisting of 10 Multiple-Choice Questions (MCQs). Thus, total assignment score will be a maximum of 230. A minimum of 50% in total assignment score is essential to register for the final proctored exam.

### ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:

- Announcement - will have messages from Admin team to update you about the course
- The discussion forum ('Ask a question' tab on the course page) - is for course participants to ask questions and interact. Anyone who knows the answers can reply to anyone's post and the course instructor/TA will also respond to your queries. Please make maximum use of this feature as this will help you learn more.
- If you have any admin related / general queries, you can post it in the respective section of the discussion forum ('Ask a question' tab on the course page).

### CONTENT AND ASSIGNMENTS

The course includes 23 lectures covering conceptualization of a research study, epidemiological and bio-statistical considerations in designing a research study, planning and conducting a research study, writing a research protocol and publication ethics. The learning materials will include - video lectures, lecture handouts, reading/resource materials, example accompaniment, workbooks and text transcripts.

Each lecture will have online assignments consisting of 10 Multiple-Choice Questions (MCQs). Thus, 'total assignment score' sums to a maximum of 230. A minimum of 50% in total assignment score is essential to register for the final proctored exam.

### REGISTRATION FOR EXAMINATION:

Registration will open 3 months before the scheduled examination date. To register for examination, the participant will have to fill-up an online form and pay the examination fees of Rs.1000 online. The city-wise list of examination centres will be made available at the time of registration. A minimum score of 50% is considered pass.

### CRITERIA TO GET A CERTIFICATE

Participants who successfully clear the final proctored exam will be awarded an e-verifiable course completion certificate.

Once again, thanks for your interest in our online courses and certification. Happy learning.

**-Basic Course in Biomedical Research Team and ICMR-NIE course faculty**

### CONTENT AND ASSIGNMENTS

The course includes 28 lectures covering conceptualization of a research study, epidemiological and clinical considerations in designing a research study, planning and conducting a research study, writing a research proposal and publication ethics. The learning materials will include - video lectures, lecture handouts, resource materials, example assignment, workbook and text transcripts.

Each lecture will have online assignments consisting of 10 Multiple-Choice Questions (MCQs). Total assignment score sums to a maximum of 280. A minimum of 50% in total assignment score is essential to register for the final proctored exam.

Dear course participant

Welcome to SWAYAM-NPTEL Online Courses and Certification!

Thank you for signing up for our online course "**Basic Course in Biomedical Research- Cycle 3**". We wish you an enjoyable and informative learning experience.

### Details regarding the course:

**Name of the course:** Basic course in Biomedical Research

**Course url:** [https://onlinecourses.nptel.ac.in/noc20\\_md03/preview](https://onlinecourses.nptel.ac.in/noc20_md03/preview)

All the lectures and the learning materials are now available on the course page. Please go through the following instruction before you access the course.

### ANNOUNCEMENT AND DISCUSSION GROUPS TO CLEAR DOUBTS:
