The University is committed to providing quality education and is constantly striving to modernize our campus with world-class infrastructure, adding new tech-tools for teaching and research. The BLDEA established an Engineering College, Pharmacy, Dental College, Nursing College, and a Medical College, along with a 1000-bed teaching hospital, a first of its kind in the country.

A new era began in the year 1990, son of Sri B.M. Patil, Dr. M.B. Patil, a young and dynamic leader, took over the reins of BLDEA. Tremendous expansion was seen in the form of starting post-graduate and DNBE courses in various disciplines thereby he conceived the need for establishing a university and strove to establish the BLDE (Deemed to be University) which came into existence on 29th February 2008 in the heart of the city.

The BLDEA is propagating education in Vijayapur and Bagalkot districts, which are recognized as socially, economically and educationally backward areas by then British Government and by present UGC, State Government and Central Government. The BLDEA sponsors and runs 68 institutions in both rural and urban areas of Vijayapur Districts. It includes from Primary schools to super-speciality medical education. The Association also took over Government run Ayurved College in the year 2012.

BLDE (DU) is one of the best private universities in the southern part of the country. We have the most approachable renowned in-house teaching faculty who provide the best clinical teaching and strive to make the students accepted universally when they finish the course. There is additional encouragement to develop a student in various fields with the help of a wide plethora of student forums, research, cultural and sports activities.

BLDE (DU) has been promoting research activities in medical sciences since its inception, engaged in cutting edge research into the causes and treatment of diseases, and collaborates with hospitals and universities throughout the world. BLDE (DU) took one step ahead in the contribution of medical research articles in high impact factor journals. There are numerous research programmes funded by National and International agencies as well as through internal resources. There has been an increase in all types of research activities after BLDE (DU) has become an Institution of National Importance. All teaching faculty and scholars are actively involved in research and publications and university h-index is reached 25.
**V. DOCTORAL PROGRAMS (PhD)**

- Anatomy
- Physiology
- Biochemistry
- Microbiology
- Pharmacology
- Obstetrics and Gynaecology
- Pediatrics
- Social and Community Medicine
- General Medicine
- Dermatology
- Radio Imaging & Diagnosis
- Allied Health Programmes

**VI. DIPLOMA FELLOWSHIP, & CERTIFICATE PROGRAMS**

- Diploma in Clinical Anatomy (Advanced)
- Diploma in Medical Illustration
- Fellowship in FESS
- Fellowship in Diabetes Management
- Fellowship in Micro Ear Surgery
- Fellowship in HIV Medicine
- Fellowship in Pediatric Dermatology
- Certificate course in Good Laboratory Practice
- Certificate Course in Histology Technique
- Certificate Course in Museum Technique
- Certificate Course in Mortuary Technique
- Certificate Course in OT Technique

Memorandum of Understanding (MoU) with other Institutions / Agencies

**Date:** 22-09-2012

**Subject:** To Purpose of furthering co-operation through educational and academic exchanges.

**Date:** 08-03-2016

**To exchange of research materials, publication and research information**

**Organisation of joint research programmes**

**Exchange of research students (Doctoral & Post Doctoral) of basic sciences and clinical medicine.**

**Exchange of administrative staff**

**Laboratory of Vascular physiology and medicine**

Laboratory of Vascular Physiology & Medicine (LVPN) is a specialized research laboratory established in the Department of Physiology under Faculty of Medicine, BLDE (DU). This laboratory is working extensively on Experimental Physiology and Clinical Physiology/Medicine.
5. Titanium Implant for Spinal Surgery in 52 year old lady

6. Rare Surgeries in Ear Nose & Throat

Center of Excellence: Department of Dermatology

- Pediatric Dermatology: Published books, monograms and even started one-year ‘Fellowship programme in Pediatric Dermatology’, second only to RGUHS, Bengaluru in India.
- Critical Care Unit: The concept of emergency dermatology / acute skin failure in India is propagated by our department. We have first of its kind ‘Dermatology Intensive Care Unit’ (DICU) in India, and we have one book published on “Critical Care in Dermatology”, DICU has helped to give state of the art treatment to emergencies in Dermatology.
- Aesthetic Dermatology with all Laser Techniques: Funding from VGST and BLDE (Deemed to be University) has made us procure the best US FDA approved laser units and Eximer lamp for better care of patients, and PG residents are utilizing them for their research/thesis work.
- Contact Dermatitis clinic and Dermatoscopy units help as investigative tools in various dermatological diseases and as resource equipment for thesis works of residents in the department.
- BLDE (Deemed to be University) Center of Excellence has enabled us to be in the forefront of giving best advanced medical dermatology therapy/phototherapy units to patients; we cater to the needs of northern districts of Karnataka and also part of adjoining Maharashtra state.

Contributions

Projects like

- “Trial of Oral Misoprostol for prevention of Postpartum Hemorrhage Vs Early/Liberar Treatment of Postpartum hemorrhage” in collaboration with KLE University’s JN Medical College, Belgaum and University of Illinois, Chicago and University of California, San Francisco
- Effect of L ascorbic acid and calcium channel blocker on hypoxia exposed possible alteration of cell signaling pathways in respiratory system of male rats with or without heavy metal lead exposure. Prof Kusal Das, Dept. of Physiology.
- Effect of Yoga based Cardiac Rehabilitation Programme (Yoga CaRe) on cardiovascular health: A Clinical Trial (India and Mechanistic Study. Dr. Satish G. Patil Asst.Professor. Dept. of Physiology, Centre for Chronic Disease Control (CCDC) New Delhi, INDIA.
- Effect of Yoga on Cardiac Autonomic Neurophysi in Normoglycaemic offspring of Type II Diabetic Parents. Government of Karnataka Vision Group on Science and Technology (VGST) Grant.
- Also contributed in the field of Brucellosis, Acute Skin Diseases and Chikungunya.

Museums

Stone Museum
Dr. S.G. Nagalathimuth, stone museum one of its kind in the country named after its founder got the collection of 3246 body stones.

Library

University central library we have good number of books with budget more than millions with digital subscribed all journals in every specialty The library has a wide collection of covering books, reference works, journal back volumes, etc., which are available for students and faculty for reference, along with a huge collection of e-books and e-journals. The library provides document delivery service, book bank for students, open access to faculty and students, broadband internet, bibliography and reprographic facilities. The annual budget of the Shri B M Patil Medical College library is over Rs. 1.64 Crore rupees.

Social Responsibilities:

- Unnath Bharath Abhiyan
  - We have adopted 5 villages (Ukkal, Donur, Deginal, Yembatnal, and Hegdihal) for the development under Unnath Bharath Abhiyan, MHRD, Government of India.

Empanelment Schemes

- Ayushman Bharat Yojana
- ABY
- MDR-TB
- ICTC
- DDRC
- ESIC
- BSNL
- BNL
- ECHS
- ICT
- RNTCP

Specialty clinics

- Diabetic Clinic
- Geriatric Clinic
- Wellness Clinic
- Sleep Clinic
