#### Editors Note.....

Every student has goal to achieve excellence in his field of choice. To achieve that they are in search of Institute / University which provides best platform. This quarter saw hectic activities of the students qualifying and getting admitted to the post graduate courses of their choice.

The standard of the University / Institute is often assessed by its Collaboration with National and International Universities / Organizations.

The scholars from Emory University showed enthusiasm to utilize opportunity to work in collaboration with BLDE University for their research activities. This issue gives glimpses of these activities.

Growth and development are the two important pillars for the University and continuous learning is essential for growth and development.

Continuous learning for faculty and students in the form of Conferences, Seminars and Workshops are regular features and several such events were conducted by the constituent college in this quarter too.

The knowledge is the only commodity which increases when it is shared with others. The staff and students of this University continued this by presenting their research work at various conferences.

Good institutional campus provides platform not only for academic excellence but also for social and cultural activities. Several such activities continued in this quarter too.

Growth and development are continuous process, which reflect in various curricular, co-curricular and extra curricular activities of the university. The editorial team has showcased some of these activities in the last quarter in this issue.

## EMORY TEAM AT BLDE UNIVERSITY

A research team from the Global Health Institute at Emory University, USA is visiting BLDE University for two months to conduct research project on Adolescent Health in Bijapur. This project is part of a larger ongoing collaboration between researchers at Emory University, Center for Chronic Diseases & Control (CCDC), New Delhi and BLDE University.

Dr. Shailaja Patil, Professor of Community Medicine at BLDE University is leading the investigations, having been awarded a grant from National Institute of Health, USA in 2012.

Dr. M. C. Yadavannavar, Professor of Community Medicine at BLDE University is the Research Associate with the team. Rapid socio-economic development in Bijapur city may be reflected in the nutrition and health of adolescents. The five-member team is here to investigate these connections. The research team will also be interacting with schools in the community to develop healthy living educational school plans.

*The team members are:*

1. Amanda Maxfield
2. Sue Gloor
3. Jamie Ports
4. Sara Thorpe
5. Alex Tran

## Students From Emory With Hon'ble President Shri M.B.Patil

## The Field Work....

## Research Collaboration with Jadhavpur University

A Preliminary research project for possible environmental pollution & health effects from Arsenic & Fluoride in and around Bijapur districts is being conducted by Prof. K. K. Das of our University in collaboration with School of Environmental Studies, Jadhavpur University, Kolkata under the able guidance of world renowned expert in Arsenic & Fluoride contamination Prof. Dipankar Chakraborti of Jadhavpur University, Kolkata.

*Effect of Fluoride on Teeth*

*Effect of Fluoride on Joints*

## ACHIEVEMENTS AND HONORS

Dr. M. C. Yadavannavar, Professor of Community Medicine was awarded “National Vaidya Ratna” by International Institute for Social and Economic Reforms (R) Bangalore for his contributions to the field of Community Medicine.

Dr. Deepak Chavan, Assistant Professor, Surgery received “MOTHER TERESA GOLD MEDAL AWARD” (Registered with Govt. of India) for outstanding individual achievement in medical service.

Dr. Shailaja S. Patil, Professor of Community Medicine, is nominated as Ph.D. Committee member and site Mentor for Ms. Nida Shaikh, Ph.D. Scholar, Emory University, USA. She is also Co-investigator and site Mentor for Global Health Institute Team for the follow - up survey of Adolescents.

Dr. Nijora Deka, Senior resident in Dept of Medicine was awarded for her paper presentation titled “Best Free Paper in Infectious Diseases” by KAPICON – 2013 on April 26 – 28, 2013 at Kasturba Medical College, Mangalore.

### Continuing Medical Education (CME)

CME on “Refractive Surgery”, by Department of Ophthalmology on April 6, 2013. Resource persons were Dr. Jeevan Ladi, Corneal Refractive Surgeon, Pune and Dr. Ram Patil, Corneal Refractive Surgeon, Latur.

CME on “Recent update on metal toxicity, from Biochemistry to Molecular Medicine” was hosted by Department of Biochemistry on April 18, 2013. Resource persons were Prof Dipankar Chakraborty, Head, School of Environmental Studies, Jadavpur University, Kolkata, Dr. Kusal K. Das, Professor of Physiology, Al-Ameen Medical College, Bijapur, Dr. Parinita Bhat, Associate Professor, Department of Biochemistry, JNMC, Belgaum, Dr. H. R. Rajmohan, Scientist ‘F’ & Officer In-charge, Regional Occupational Health Centre, Bangalore, Dr. P. Ravichandran, Scientist ‘B’, Regional Occupational Health Centre, Bangalore, Dr. R. S. Sarashatti, Professor and Head Department of Rasashasthra and Bhaishajya Kalpa, BLDEA’s AVS Ayurveda Mahavidyalaya, Bijapur and Dr. M. C. Chandru, Professor and HOD, Biochemistry, KIMS Hubli.

Department of Radiology organized CME on “Basics in Radiology and Imaging” on April 27, 2013. Resource persons were Dr. S. K. Joshi, Prof & HOD, SDM Medical College, Sattur, Dharwad and Dr. Narendra Shah, NMR Scan Centre, Hubli.

Department of Medicine conducted CME on “Recent advances in Oncology” on May 10, 2013. Resource persons were Dr. Sanjeev Kulgod, M.Ch Onco Surgeon, Hubli, Dr. Kiran Kattimani, DM, Medical Oncologist, Hubli and Dr. Suresh Ullagaddi, DMRT, Radiational Oncologist, Belgaum. ↓

CME on “Cosmetic Dermatology”, by Department of Dermatology, Venereology and Leprosy on June 30, 2013. Resource persons were Dr. Smitha Chakote, Prof & HOD of Dermatology, Venereology and Leprosy, V. M. Medical College, Sholapur and Dr. Swapnil Shah, Consultant Dermatologist & Laser Specialist, Sholapur. ↓

## Workshops

Department of Obstetrics and Gynaecology organized workshop on “Helping Mothers Survive” on May 4, 2013 in collaboration with FOGSI, Mumbai. ↓

Department of Paediatrics conducted workshop on “Paediatric Emergency Medicine Course” on May 24, 2013. Resource person was Dr. Indumati Santhanam, HOD, Paediatrics, Kilpauk Medical College, Chennai. ↓

Department of Medical Education organized Workshop on “Student Assessment” for faculty on June 14 & 15, 2013.

Department of Surgery conducted two Workshops cum Demonstrations on “Basic Surgical Skills” for Interns of department of Surgery & OBG on April 26 and June 25, 2013 at Clinical Skills Laboratory of BLDE University, Bijapur.

Department of Medicine conducted the Workshop on “Extended Basic Life Support” on June 25, 2013. Resource Person was Dr. Sayyid Hannan (IFEM GWU), Emergency Physician, Yenapoya Medical College, Mangalore.

## ‘Deha Dana, Shreshta Dana’

We Acknowledge and Honour the Donors who have donated bodies to the Department of Anatomy

Sl.No	Name & Address of the Donors	Date of Registration	Body received Date

## District Disability and Rehabilitation Centre (DDRC)

### VISION OF DDRC

- ⊙ To provide accessible rehabilitation services and health care to all differently abled persons of the district.
- ⊙ To improve their productivity and to prevent the occurrence of disability.

Bijapur District Disability Rehabilitation Centre, established by BLDE University under the grant from Department of Disabled Welfare and Senior Citizens, Government of Karnataka, Bangalore. The hospital has provided adequate space for the functioning of DDRC, and expert professionals of various specialities (Orthopaedics, ENT, Ophthalmology, Psychiatry, and Paediatrics). DDRC is co-ordinating with various departments like health, women and child welfare, education and revenue for achieving better results.

DDRC is community based rehabilitation programme with an objective to identify, screen and deliver comprehensive total rehabilitation services to people with disability especially who reside in rural areas. The main objectives are as follows:

- To survey and identify persons with disabilities through camp approach.
- Awareness creation & early intervention.
- Needs assessment of assistive devices, provision/fitment of assistive devices, follow up / repair of assistive devices.
- Facilitation of disability certificate.
- Promotion of barrier free environment.
- Promote physical, social and psychological rehabilitation of PWD.
- Assist in procuring durable, sophisticated and scientifically manufactured modern standard aids and appliances.
- Reducing disability and improve the quality of life.
- Enhance their economic capability of PWD.

***“Hands that help are for better than lips that pray”- Robert G. Ingersoll***

## Activities of DDRC

Conducted camp in collaboration with DDRC in various places of Bijapur city from June 19-26, 2013. 170 patients were examined and 10 patients were operated.

Health Check-up Camps were conducted on May 15, 2013, Free Cataract Health Camp from June 18-27, 2013 and Spinal Injury Camp from June 25-27, 2013 under DDRC in collaboration with Government of Karnataka.

Health Camps were conducted from June 19-26, 2013 under DDRC in collaboration with APD and City Municipal, Bijapur in various places of Bijapur.

## Paper News:

### Team visits BLDE varsity

BIJAPUR, DHNS: A research team from the Global Health Institute of Emory University, USA, which has come to the city, would be with the BLDE University for two months to conduct a research project on adolescent health in Bijapur. This project is part of a larger on-going collaboration between researchers at Emory University, Center for Chronic Disease & Control (CCDC), New Delhi and BLDE University.

The team has Amanda, Sue Gloor, Jamie ports, Sara Thorpe and Alex as members. It is expected that the rapid socio-economic development in Bijapur city may get reflected in the nutrition and health of adolescents. The team is here to investigate these connections. The

research team will also be interacting with schools in the community to develop healthy living educational school plans.

Another PhD student and Fogarty Global Health Fellow from Emory University, Nida Shaikh, from Emory University, USA, is already at the BLDE University since a year to understand adolescent nutrition and their food habits in the context of globalisation.

BLDE University Professor of Community Medicine Shailaja Patil having been awarded a grant from National Institute of Health, USA in 2012 is leading the investigation while BLDE University Professor of Community Medicine M C Yadavannavar is the research associate.

## STUDENTS WRITE...

College days are the best in one's life... Taking a trip down memory lane, I remember being charmed by the black stone buildings sprawled across a beautiful area as I entered campus. The warm welcome by the staff and budding friendship with batchmates as well as seniors made BLDE a home away from home. The well planned academic curriculum and the 24x7 accessible libraries with a huge collection of books, e-books and latest journals provided the physical and intellectual milieu to young talent and generated interest in various disciplines of medicine.

The modern laboratories with the state-of-the-art facilities made learning a fun. The all-round development of the students through various extra-curricular activities, sports was always encouraged. Cultural fest was conducted each year with a lot of enthusiasm and paraphernalia. Along with this, the teachers constantly influenced the students to advance the frontiers of their knowledge and also take keen interest in medical research as a part of SRS. Our hospital with the latest technologies is now spreading its wings to a number of super speciality branches, rendering service to the sick and suffering and continuous training of the medical and paramedical staff, lives up to the motto of 'touching lives'. BLDE focuses on building character and integrity and drives all its alumni to 'strive towards excellence...'
