Editors Note....

Happy new year to all the readers.

2017 has ushered new thoughts, new concepts in various areas.

The last trimester witnessed multiple events which included academic and co curricular events. The co-activities were focused on social cause. The 4th Convocation was grand event, Prof. Nageshwar Reddy, the Chief Guest of the Convocation, advised the young graduate to be *humane doctors*. We were blessed by HH Shri Siddeswara Swamiji during KSOGA Conference. He elucidated importance of happiness, work life balance and need for high morality. The most valuable words, to guide us for the New Year.

Regards,

Dr. Tejaswini Vallabha
Chief Editor

4th Convocation

The 4th Convocation of BLDE University was held on Wednesday, October 26th 2015. Padmabhushan Dr. D. Nageshwar Reddy, Chairman & Chief of Gastroenterology, Asian Institute of Gastroenterology, Hyderabad, was the Chief Guest and delivered the Convocation Address. Dr. M. B. Patil, Hon'ble President of the BLDE University & Association and Hon'ble Minister for Water Resources, Govt. of Karnataka presided over the Convocation. Hon'ble Vice-Chancellor, Prof. M. S. Biradar in his welcome address, appraised the achievements and progress made by the University.

Degrees were awarded to 176 MBBS Graduates, 57 Post Graduate Degrees, 14 Post Graduate Diplomas, Three in Histology Techniques Technologist Course, One Fellowship in Functional Endoscopic and Sinus Surgery [FESS], Two M.Ch. Urology and Four Doctor of Philosophy. In various categories, 16 Gold Medals were awarded. Dr. Shivani Singh bagged two Gold Medals, Dr. Subhropriya Chakraborty and Dr. Mahalakshmi M. Baddi Bagged three Gold Medals, respectively.

To encourage the young researchers, the University has instituted 'Young Scientist Award' this year. Dr. Satish G. Patil, Dept. of Physiology and Dr. Keshavmurthy A. Adya, Dept. of Dermatology, were conferred with Young Scientist Award.

CHIEF GUEST ADDRESSING THE CONVOCATION

Padmabhushan Dr. D. Nageshwar Reddy, Chairman & Chief of Gastroenterology, Asian Institute of Gastroenterology, Hyderabad, in his Convocation Address, opined that a good doctor is one who is a blend of intelligence, hard work, skills of various kinds including communication skills. He advised, the youth dreaming of becoming good doctors shall be good human beings first. He said that there are no short cuts for achieving excellence in medical practice. He stated that to be a good doctor, one has to work continuously for 10 hours.

Referring to medical examination system of Sweden, he revealed that textbooks and computers are provided in the examination hall for the students to answer the questions asked. Describing the system as excellent and challenging. Such system helps assess the knowledge readiness of the examinee and their reasoning ability.

He suggested to students to adopt holistic management of patients care/treatment and encourage life style modifications through good counseling of patients. He stressed upon developing good communication skills which significant impact on patients helps to gain their trust.

CHIEF GUEST ADDRESSING THE CONVOCATION

Glimpses of 4th Convocation

CONFERENCE REPORT

Adolescent Health Walk and Awareness Programme:

Realizing the social responsibility of doctors, an awareness programme for adolescent girls aged 13 to 19 years was held. This programme was attended by 750 Girls from different Schools and PU Colleges of Vijayapura. Topics like adolescent health, mental health, handling of stress, handling of examination fear, healthy eating, the harms of social media dependence etc in the form of lectures, role plays, short skits and tribates etc, were brought to the young adults in a language and form that they found easy to understand and assimilate. The feedback from the students was favorable and they voted for the organization of more such programmes.

BETI BACHAO, BETI PADHAO:

This public forum was in the form of a short talk by Dr Shanta Durge, a Gynecologist and Social activist from Basava Kalyan. This was followed by a Panel discussion in which people from various fields participated- The DHO, District Vijayapura. Prof Sabiha Gowda the Hon'ble Vice Chancellor, Karnataka State Womens' University, Prof Suresh Naik, Prof Sunandamma, HOD Women Studies, Dr Ramesh Mankare, Consultant Radiologist, Smt Sunanda Tolabandi of NGO and Miss Abhilasha, Honors Student of Journalism and Mass Communication participated as panelists. Gynecologists, Dr B A Sasnur and Dr Geetha Chaudhari were also part of the panel discussion.

The panel discussion was a well conducted one and exchange of important ideas was accompanied by the dissemination of important social message to the public regarding the one single, most important truth that needs to be understood and acknowledged by everyone-“Women survive-the world survives” The forum was also a well attended and well appreciated programme.

WORKSHOP:

The next day, 25th November, was dedicated to pre conference workshops. Again, the most pressing matters on hand for all of us as doctors in general, and obstetricians and providers of health for women, in particular, were the focus of two of the three simultaneously running workshops-

- 1. Labor-** How to conduct safe deliveries, how to recognize impending complications, how to avoid cesarean sections by using and training in the use of safe and useful instruments and methods etc were the topics in focus in this workshop. Hands on training and teaching were done with the help of advanced mannekins, of Skills laboratory of BLDE University.
- 2. Critical Care in Obstetrics-** This workshop basically focused on saving the life of the seriously ill mother. There was discussion and hands on training on all the measures that need to be taken in the eventuality that a pregnant woman does become critically ill. It's a less recognized fact that sometimes, despite the best care given to a woman during delivery, an unseen, unpredicted, unavoidable complication may occur, and hence EVERY care giver should be vigilant and prepared to handle all such contingencies for good outcome.
- 3. Urogynecology-** This was **The Live Operative Workshop**, which featured the operative experience of well known Gynecologists and Urogynecologists from Karnataka as well as other states-Andhra Pradesh and Odisha. The surgeries performed were some of the rare surgeries which the delegates needed to see, as the type of cases showcased here are on the rise, and it was a rare opportunity for everyone to learn from the experts. This workshop itself attracted 200 plus delegates.

The next two days were dedicated to scientific deliberations between the delegates and stalwarts in OBG. There were 175 faculties from Karnataka State, 30 faculties from outside Karnataka (Delhi, Mumbai, Pune, Sangli, Ahmedabad, Odisha and Coimbatore) International faculty from UK.

The scientific discussions were described as “A scientific feast” by many of the delegates. An intensive 9 am to 5 pm schedule was maintained.

280 Delegates presented Free Papers and Posters in 12 Sessions/day, for two days, that is, 24 total paper presenting sessions, 120 Posters were presented at the conference.

Jewel in the Crown of conference was Pujya Shri Shri Siddeshwar Swamiji, Jnyanayogashram, Vijayapura.

It was a soul stirring address by the revered Swamiji, which left the audience spell bound and also encouraged them to do a little soul searching to find peace within themselves. The audience was left deeply satisfied and happy after the short discourse by Swamiji.

The Adolescent Awareness Programme was also blessed by another pious presence-**Pujya Shri Shri Nirbhayanand Saraswati Swamiji, Shri Ramakrishna Ashram, Vijayapura.** Swamiji's address was directed towards the adolescent girls and focused on Adolescent and Woman empowerment. Last, but not the least, the young and dynamic leader of the BLDE Association, Dr. M. B. Patil, Minister for Water Resources, Karnataka State and Hon'ble President, BLDE Association, and the Leader of the Organising Team, graciously attended the Conference and its Inauguration despite many official and personal commitments at the same time, and was pleased with the arrangements and the gathering.

Differently abled children included Cultural Activities

A unique programme to spread awareness about differently abled children included cultural activities about and by the children on the 2nd Day of KSOGA-2016 Conference.

Student Writes...

Medical College is a dream for many students and also many parents. I first thank my parents and Almighty who made my dream come true.

Joining in a medical college like Shri B M Patil Medical College, I feel privileged to be a part of this institution.

After visiting our medical college hospital, for the first time I truly remembered ancient saying Vaidhya Narayano Hari. I am deeply indebted to this college for making my dream come true. If I question myself about where my college stands I am convinced while studying in this college and assure that my college is one of the best colleges in India. The curricular and co-curricular activities of our college are unique where each and every student is actively involved.

I express my gratitude to my entire Gurus for supporting us in fields of education, research and patient care. As mentioned by Dr B M Hegde in his book “What Doctors don’t get to study in a medical school” that the alumni represent the prosperity and reputation of college.

I sincerely thank all the graduates, postgraduates and research scholars who have brought honor to our college. I can boast of all the staff and students who work with a feeling that this college is ours and we are responsible for its development and prosperity.

Finally, I am privileged to tell people one day, when I become a successful physician that I am product of Shri B M Patil Medical College Hospital & Research Centre and I am proud of it.

Thank you,

Sai Krishnan Popuri

IInd Year MBBS
