His services and contributions to the society and our Association, in particular, are noteworthy. He was Vice President and Governing Council member of various Institutes of Association. His contributions as President of Vachana Pitamaha Dr. P. G. Halakatti Research Centre are very significant and praiseworthy. He nurtured and took the Centre to great heights. The Centre has contributed immensely to Kannada & world literature by compiling, publishing, conducting research & propagating Vachana Sahitya. Sri. Tambake, in a sense, worshipped Dr. P. G. Halakatti as God.

He was part of many trusts working for the social cause. A staunch Basava follower, he followed Lord Basavanna's Principles in spirit and deed.

He was a man of few words and a strict disciplinarian. His was a meaningful and memorable life. He has left his footprints in all fields of society be it social, religious or education, including eye & body donation with an intent of being useful even after life. Sri. S. S. Tambake was a true 'Sharana'.

Condolences to Late Shri S. S. Tambake, President, PGHR Centre, Vijayapura held on March 01, 2017, at Hospital premises. Dr. M. S. Madhabavi, Secretary, PGHRC, Vijayapura shared his work experience with Late Shri Tambake. Prof. M. S. Biradar, Hon'ble Vice-Chancellor, Dr. S. P. Guggarigoudar, Dean, Faculty of Medicine & Principal, Dr. Vijayakumar Kalyanappagol, Medical Superintendent, Teaching & Non-Teaching Staff and Students expressed their condolences.

## Student Writes...

“As we express our gratitude, we must never forget that the highest appreciation is not to utter words, but to live by them.”- John F Kennedy.

From the day, I took admission to BLDE University on the day of counseling, I had a fear in me regarding the new environment I would be exposed to. But the life at BLDE completely transformed my view point.

I came from a small city of U.P to a completely new place having students from almost all the states of India each having different perspective.

Teachers and faculty of all the three departments of first year MBBS at Shri B. M. Patil Medical College made us realize our hidden potential, build on our talent and achieve great feats of success.

Lectures and Demonstrations given to us are so helpful that it needs only half of the effort from our side to understand the concept.

Teachers at this college gave me the strength to face challenges confidently and emerge out with flying colours.

The care and affection with which every member of BLDEU family has nurtured me has set deep gratitude and love for the institution.

I am sure with this gratitude nurtured in me by this institution will make me an apical wavering face in the branch of medicine.
