

## 2.7.1 Online Student Satisfaction Survey

1. How much of the curricula and syllabi are covered in the Discipline in which you are studying?

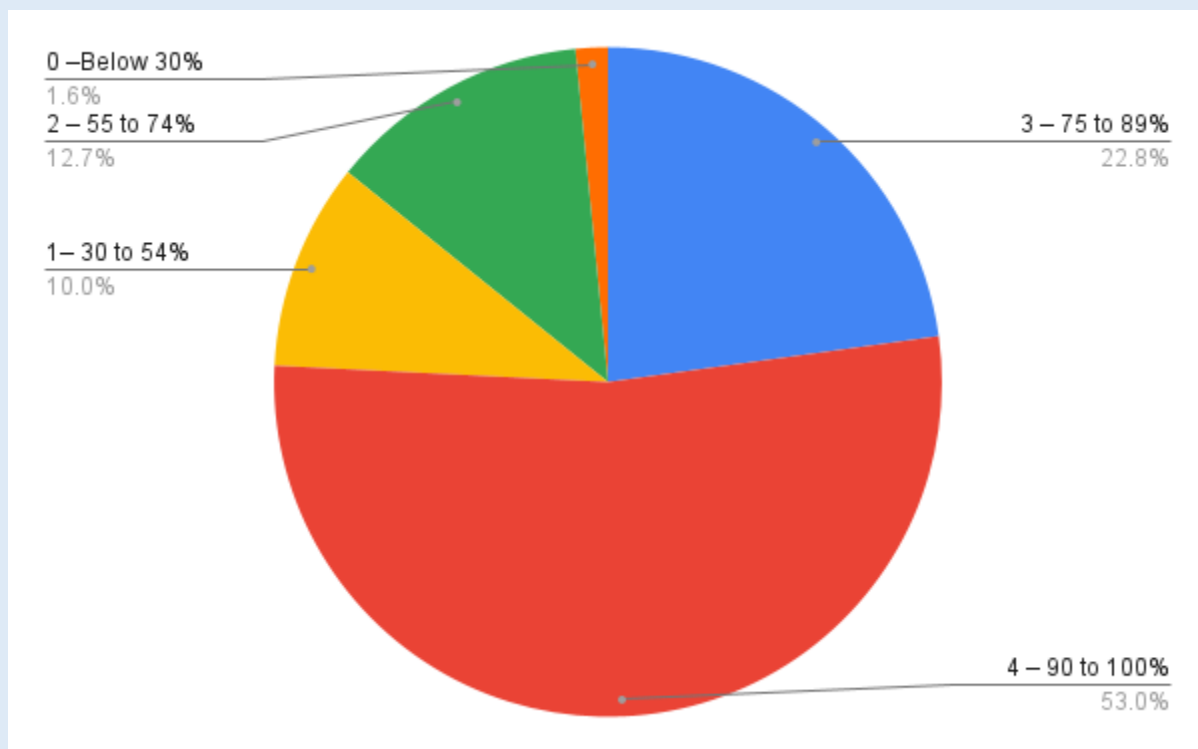

4 – 90 to 100%

3 – 75 to 89%

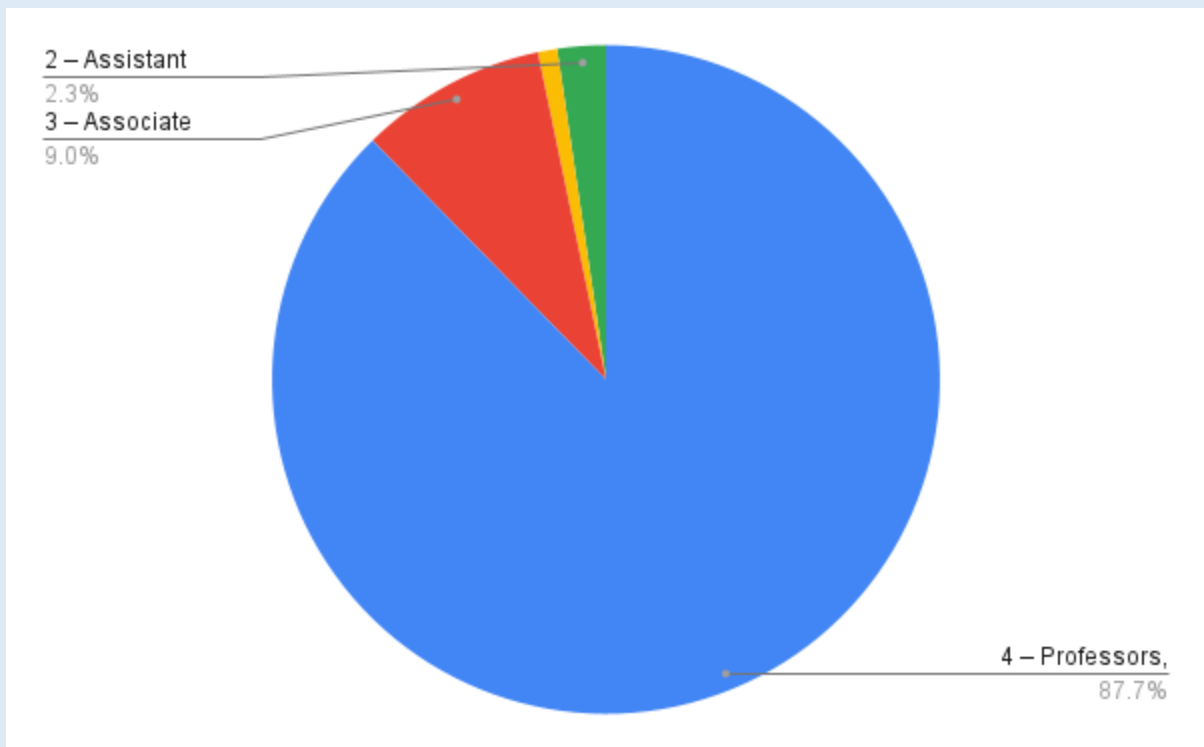

2 – 55 to 74%

1 – 30 to 54%

0 – Below 30%

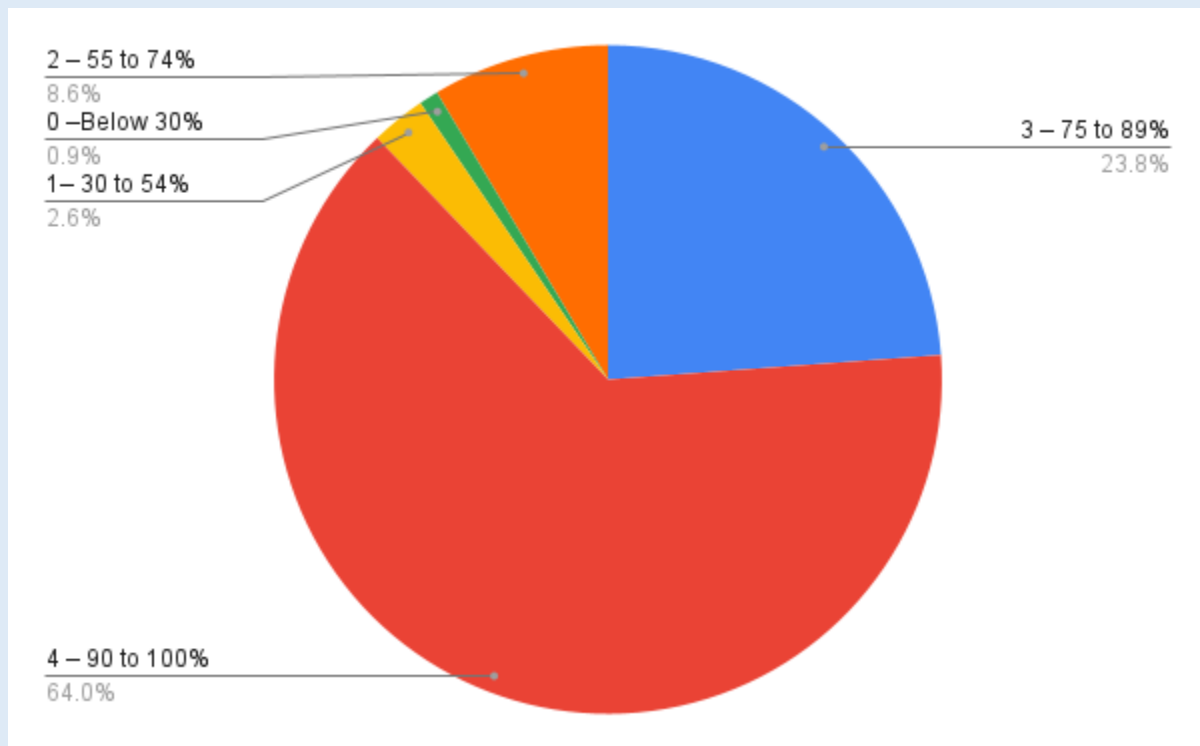

2. What categories of teachers are involved in the theory and practical classes in your discipline?
- 4 – Professors, Associate-Professors, Assistant Professors and Others (Lecturers, Tutors, Demonstrators and Residents)
  - 3 – Associate Professors, Assistant Professors and others
  - 2 – Assistant Professors and others
  - 1 – Others
  - 0 – None of the above

3. What percentage of teachers is effectively communicating domain knowledge using IT skills and Soft Skills in the Teaching Learning Process?

- 4 – 90 to 100%
- 3 – 75 to 89%
- 2 – 55 to 74%
- 1 – 30 to 54%
- 0 – Below 30%

4. Do the teacher's build-up the expected curricular competencies, programme outcomes and course outcomes in you?

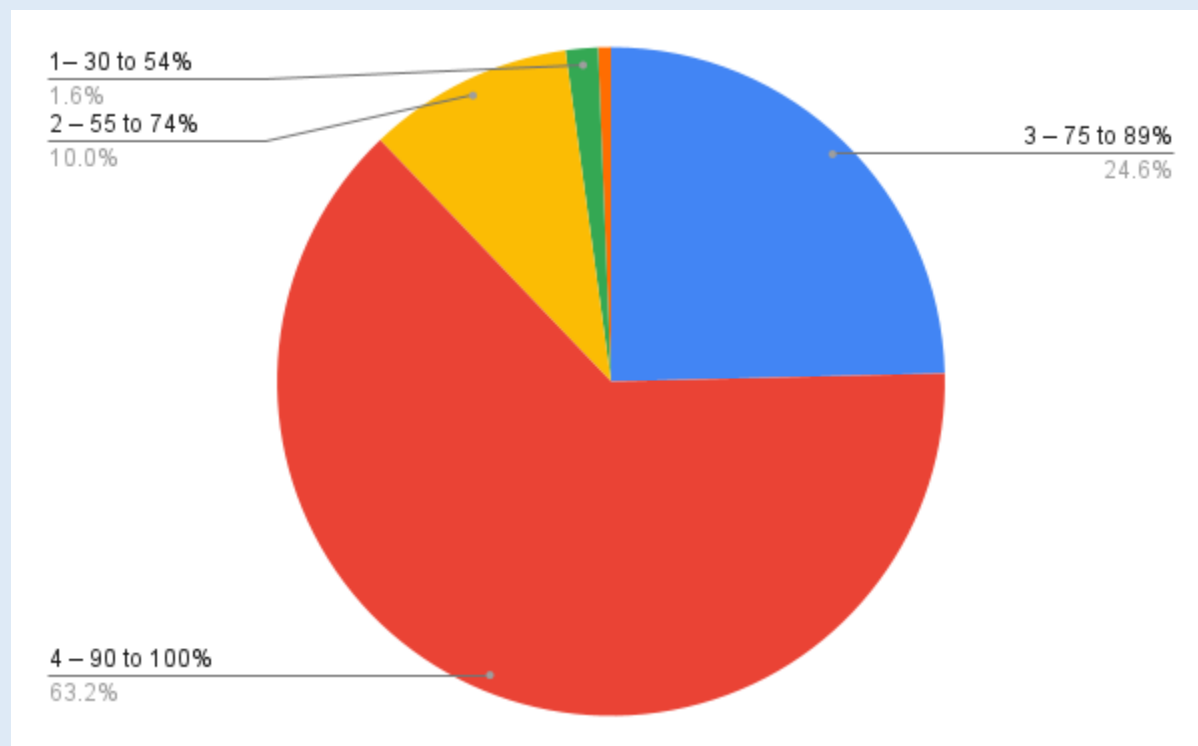

4 – 90 to 100%

3 – 75 to 89%

2 – 55 to 74%

1 – 30 to 54%

0 – Below 30%

5. Does your mentor follow up necessarily on the tasks assigned to you?

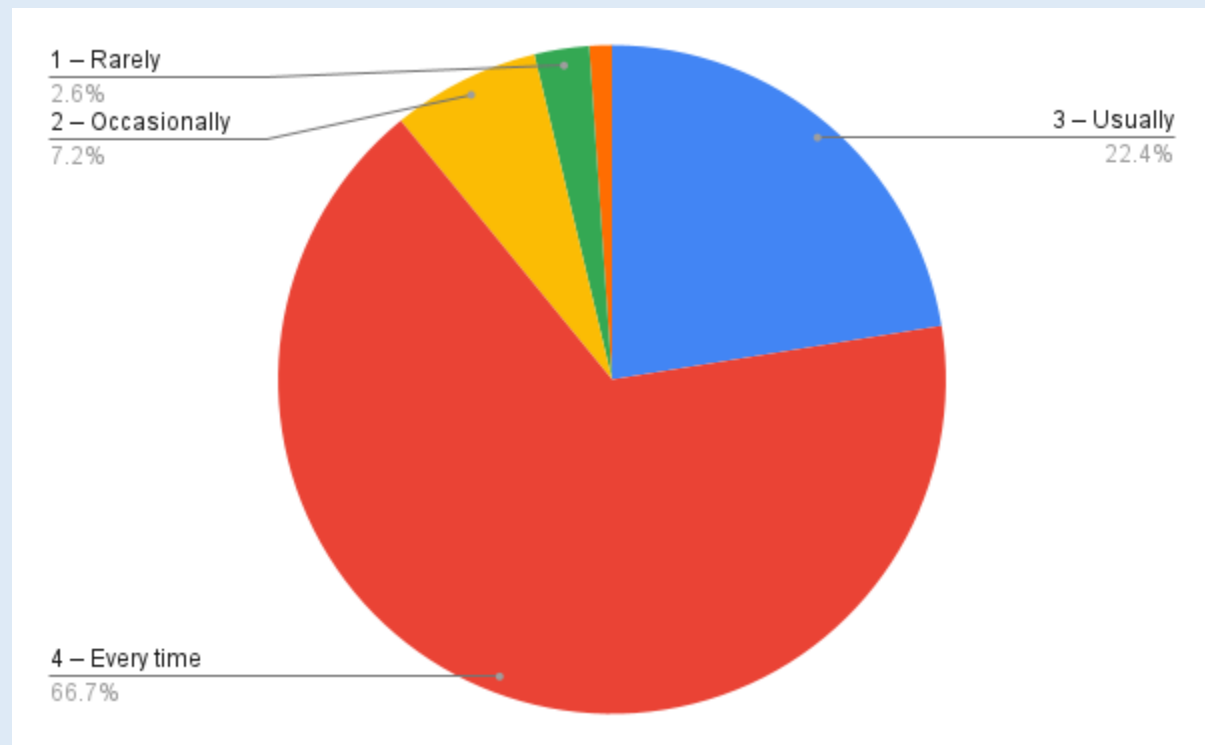

4 – Every time

3 – Usually

2 – Occasionally

1 – Rarely

0 – I don't have a mentor

6. To what extent is the mentoring process in your institution beneficial to you for cognitive, social and emotional growth?

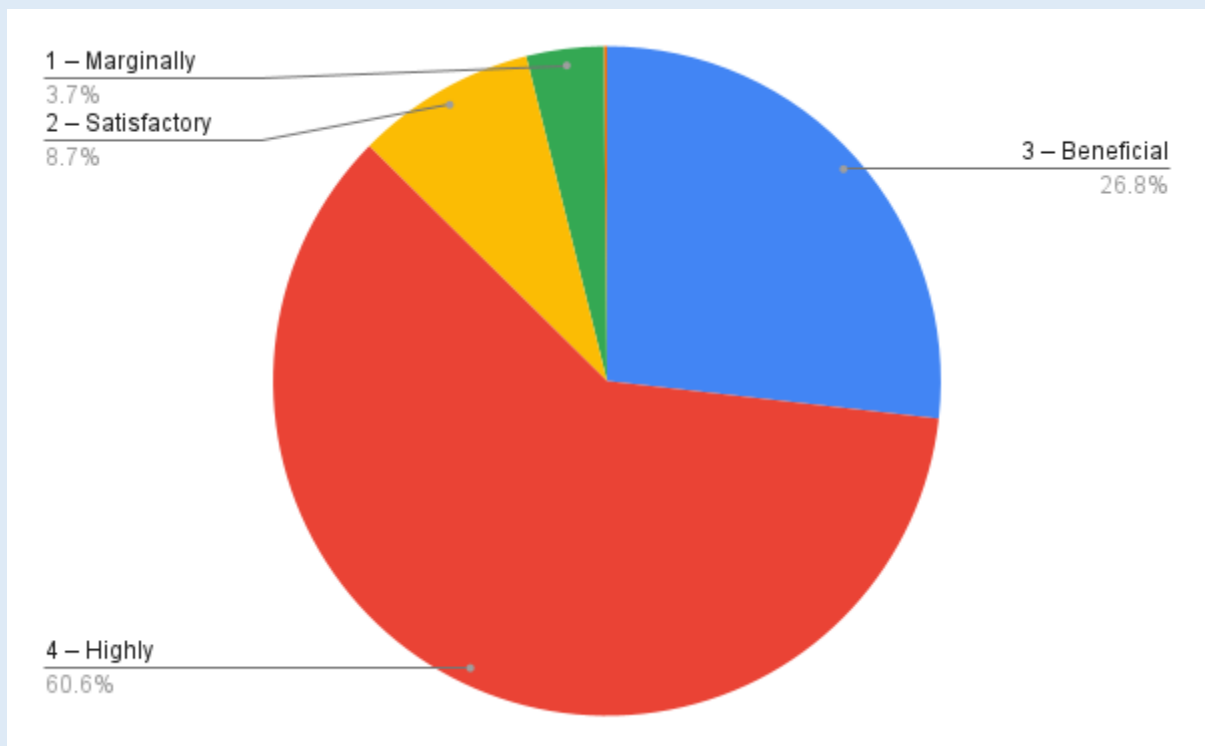

4 – Highly Beneficial

3 – Beneficial

2 – Satisfactory

1 – Marginally

0– Not at all

7. To what extent clinical and practical facilities related to your discipline have been made available to you?

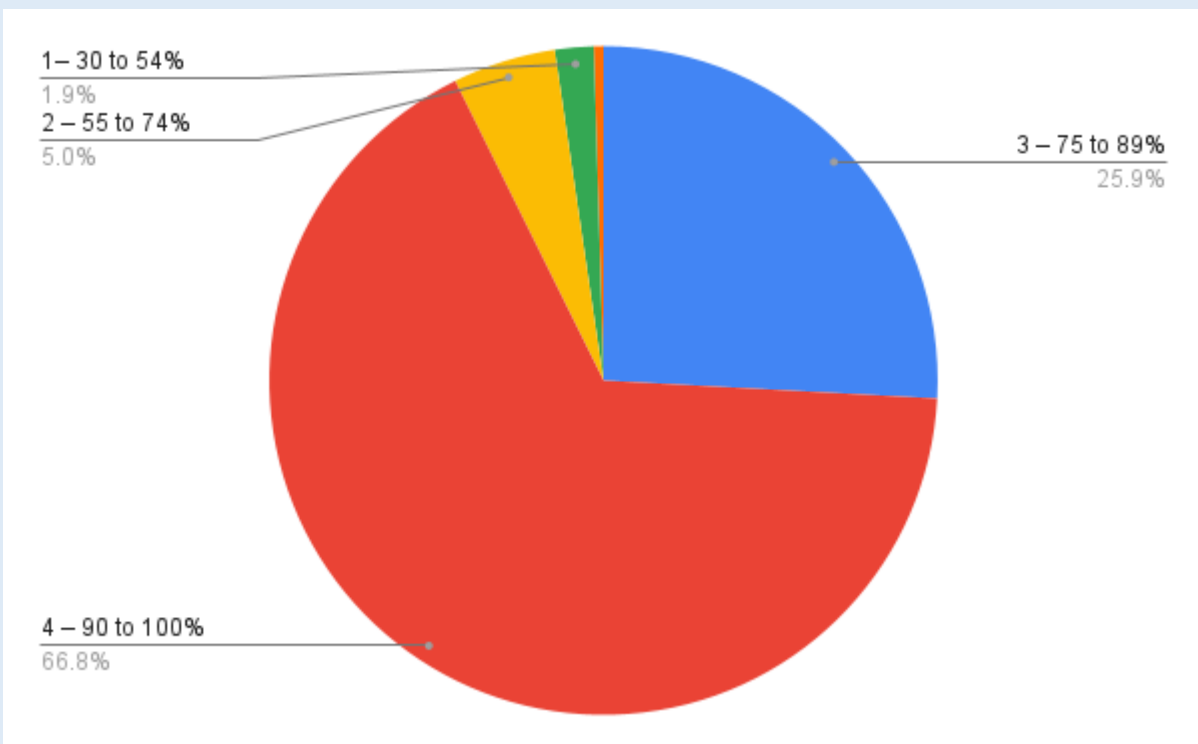

4 – 90 to 100%

3 – 75 to 89%

2 – 55 to 74%

1 – 30 to 54%

0 – Below 30%

8. What extent of training are you provided with, in the skill and simulation labs, clinical ward rounds / rotations and lab exercises related to your discipline?

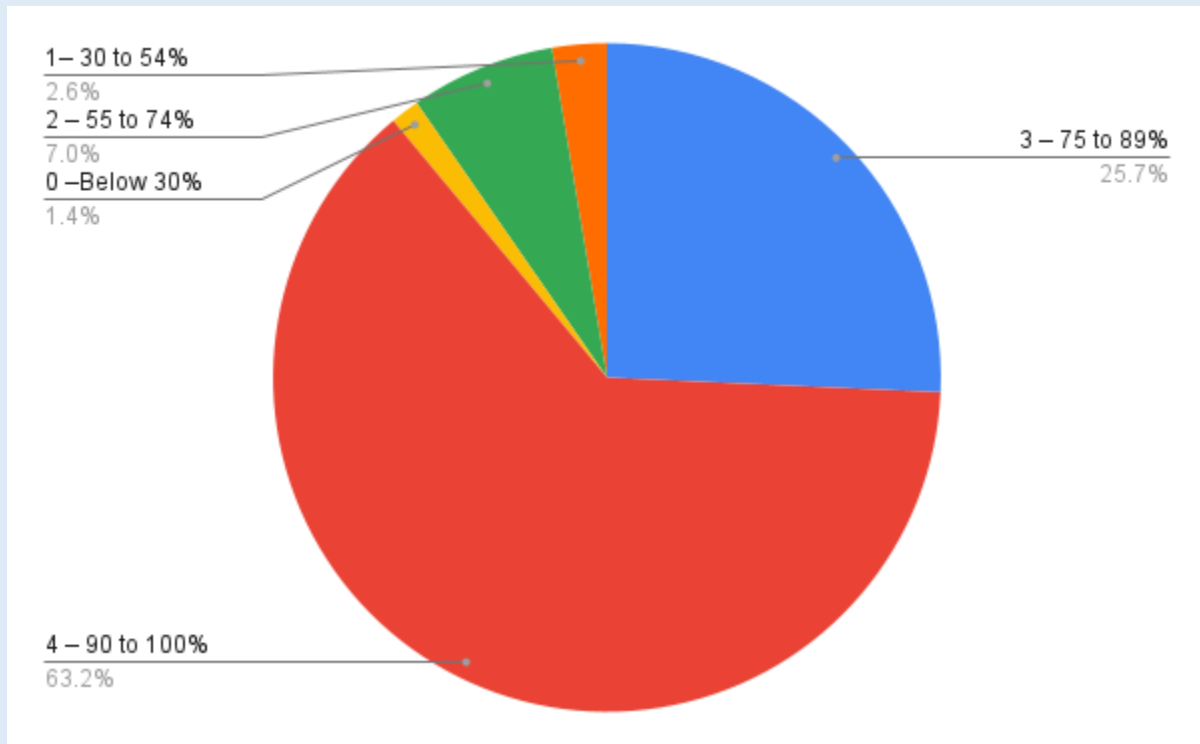

4 – 90 to 100%

3 – 75 to 89%

2 – 55 to 74%

1 – 30 to 54%

0 – Below 30%

9. What percentage of teachers use ICT-enabled methods like multimedia, web-based learning and national e-resources while teaching?

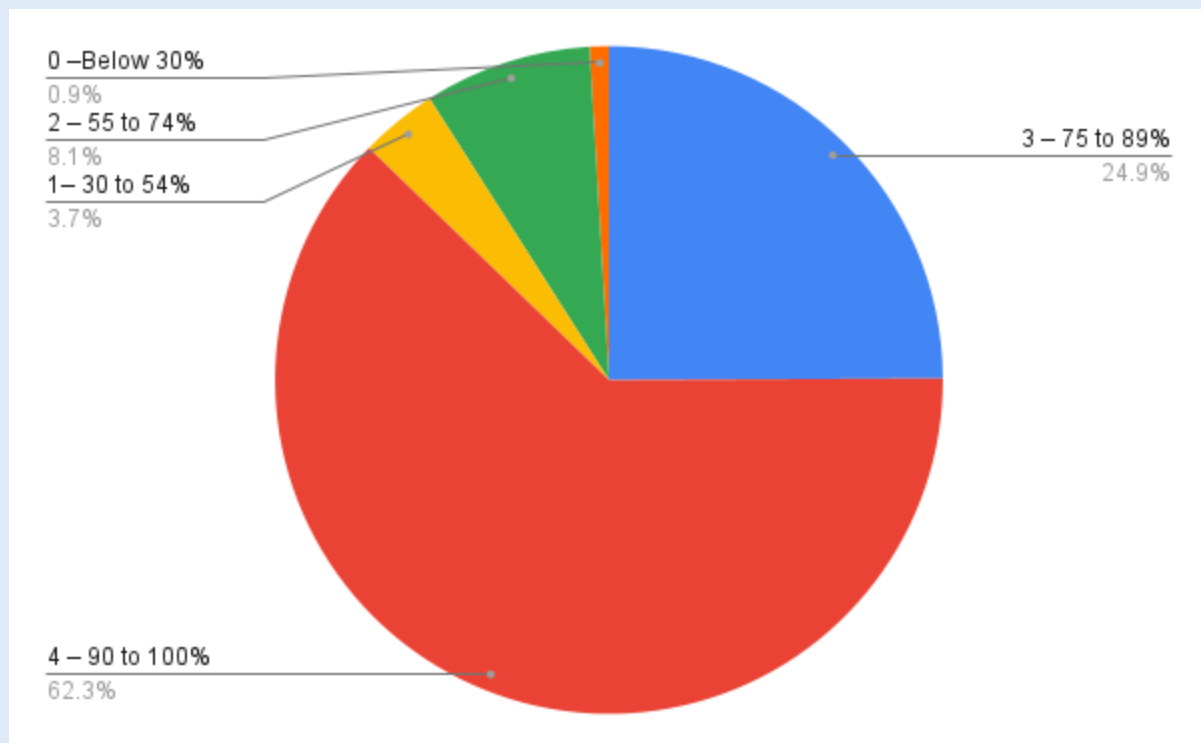

4 – 90 to 100%

3 – 75 to 89%

2 – 55 to 74%

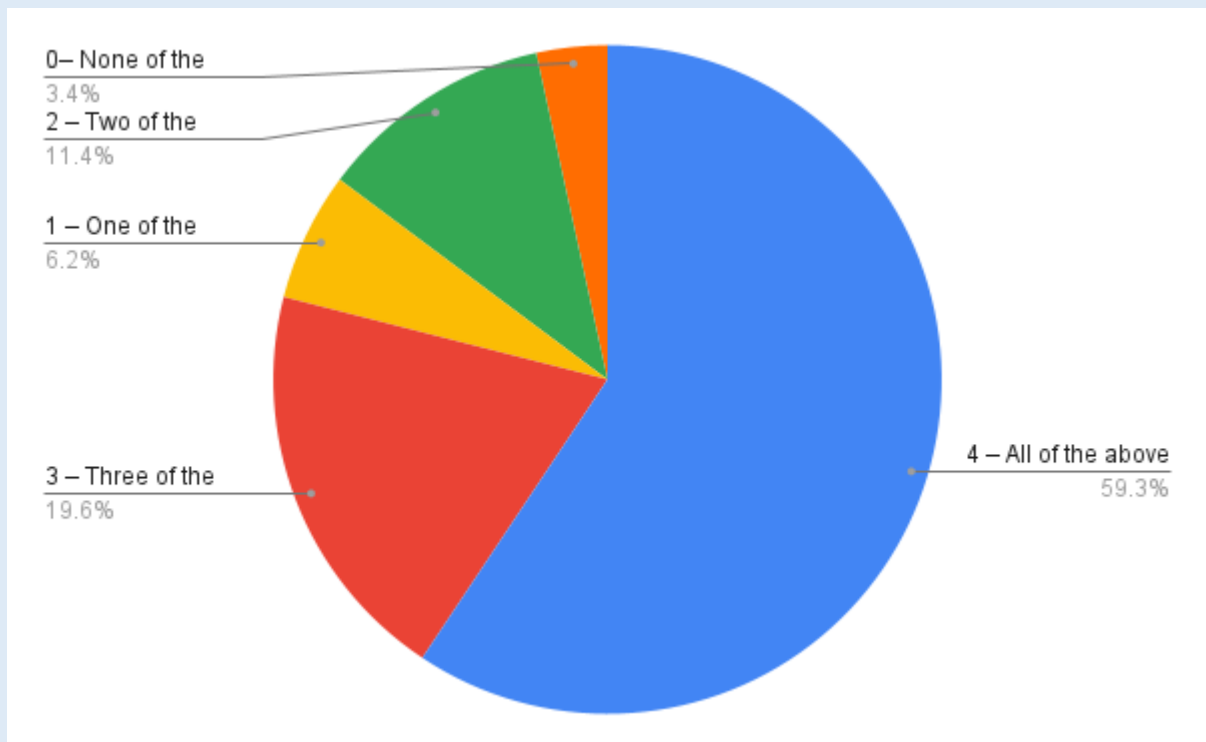

1 – 30 to 54%

0 – Below 30%

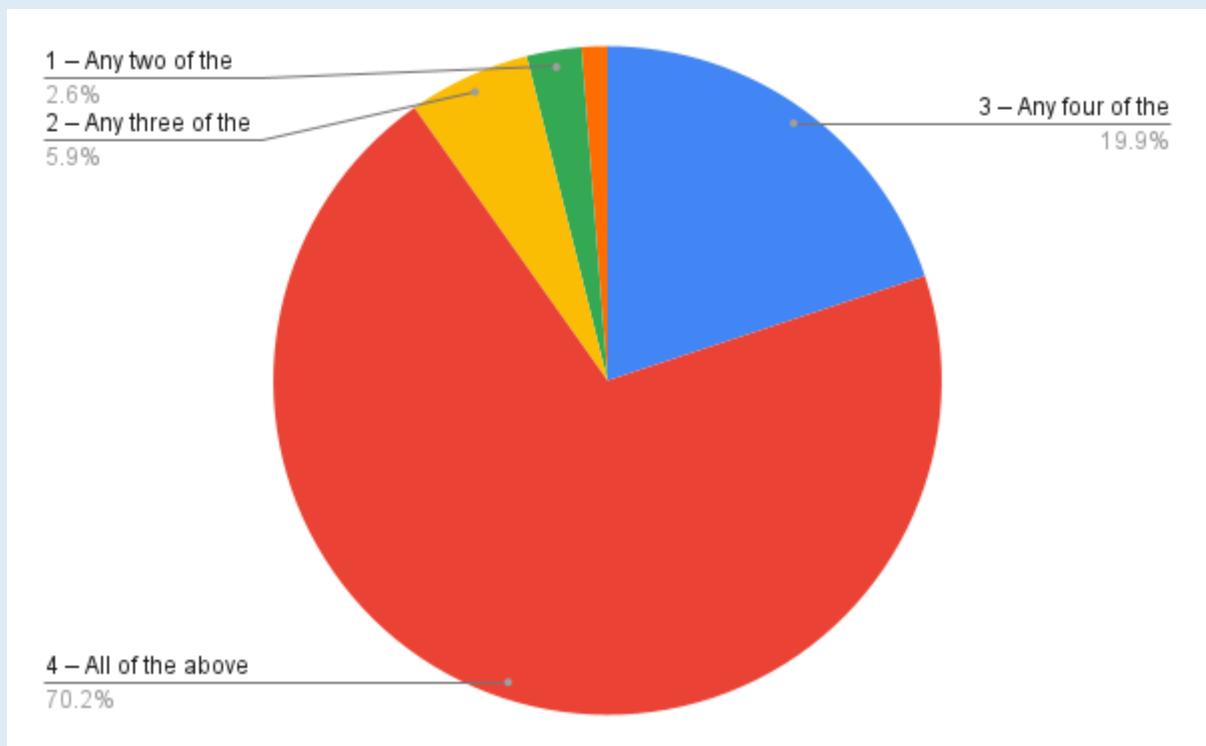

10. What is the extent of opportunities given to you for outdoor learning like internship, student exchanges, field visits and projects?

- 4 – All of the above
- 3 – Three of the above
- 2 – Two of the above
- 1 – One of the above
- 0– None of the above

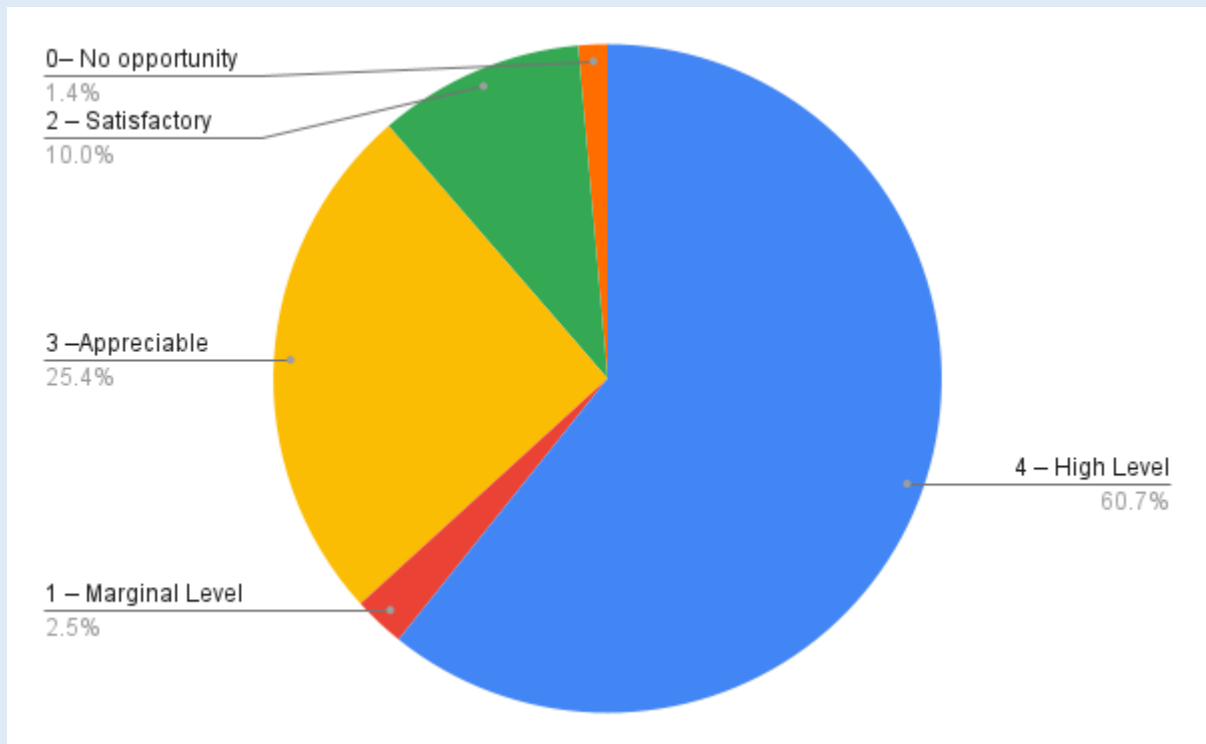

11. Does the institution provide the opportunities for experiential learning, including problem-based learning, case-based learning, evidence-based learning, competency building, seminars, group discussions, to enhance knowledge and skills in your discipline?

- 4 – All of the above
- 3 – Any four of the above
- 2 – Any three of the above
- 1 – Any two of the above
- 0 – Any one of the above

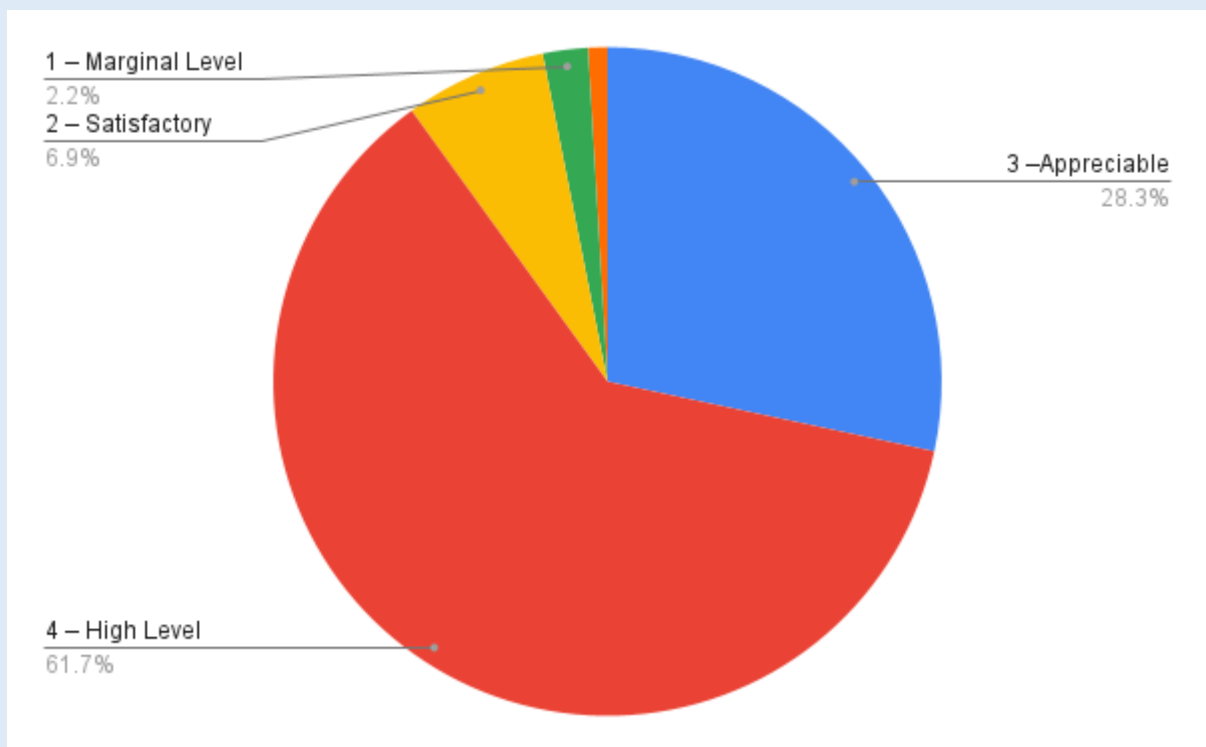

12. What is the level of opportunities provided by your institution to develop employability and entrepreneurship skills to prepare you for your career?

- 4 – High Level
- 3 – Appreciable Level
- 2 – Satisfactory Level
- 1 – Marginal Level
- 0 – No opportunity given

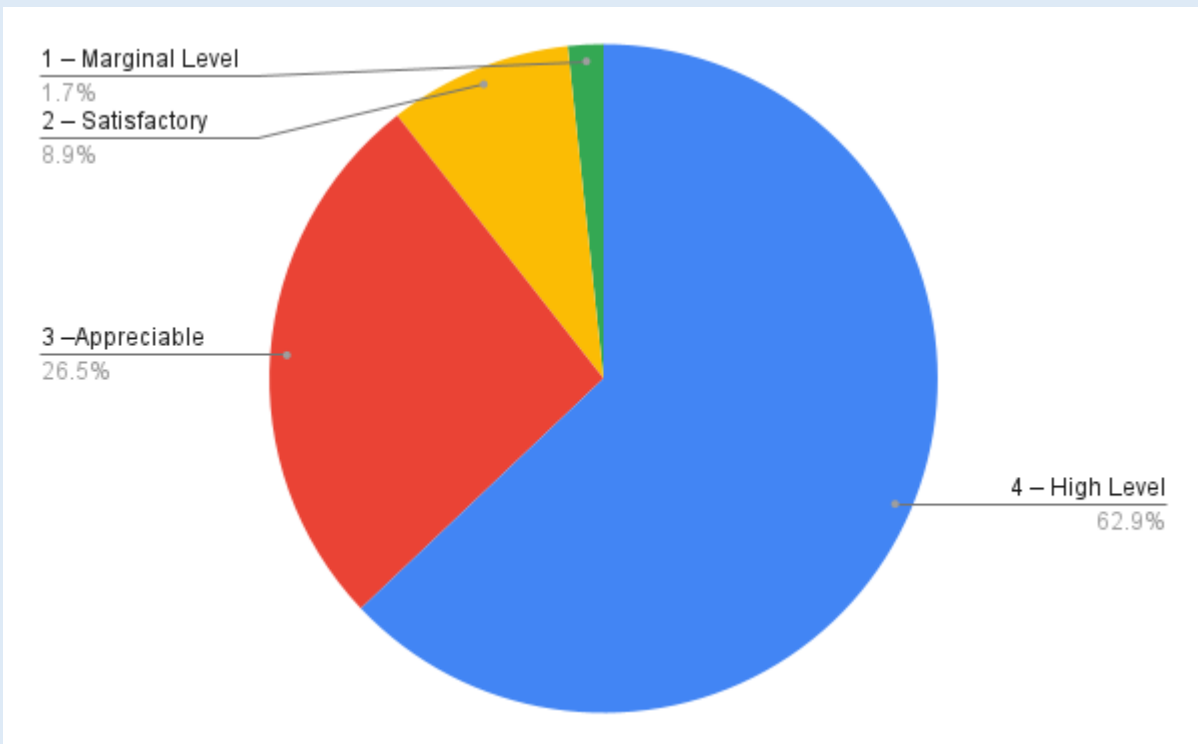

13. What is the level of value-added courses / training given by your institution in the area of professional ethics and values, community service, preventive health care and rural health care?

- 4 – High Level
- 3 – Appreciable Level
- 2 – Satisfactory Level
- 1 – Marginal Level
- 0 – No opportunity given

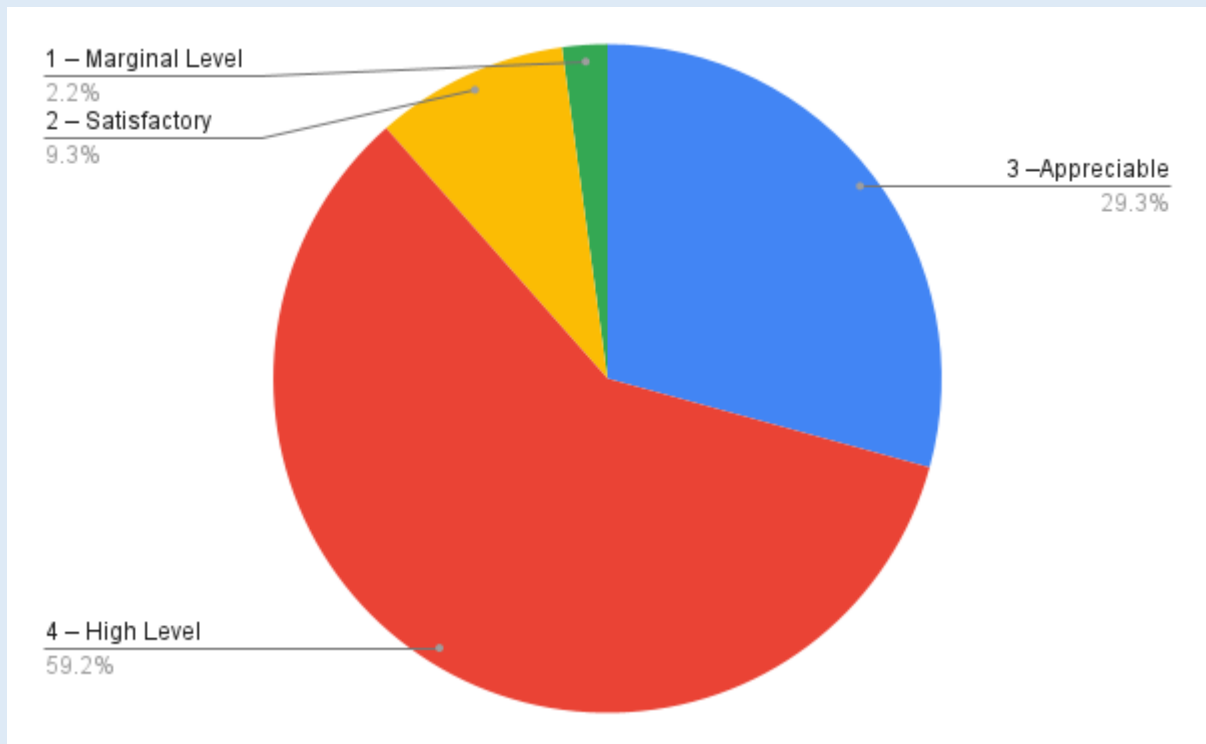

14. What level of monitoring and evaluation is available in your institution for assessing the effectiveness and interactivity of the classroom proceedings/learning sessions?

- 4 – High Level
- 3 –Appreciable Level
- 2 – Satisfactory Level
- 1 – Marginal Level
- 0– No opportunity given

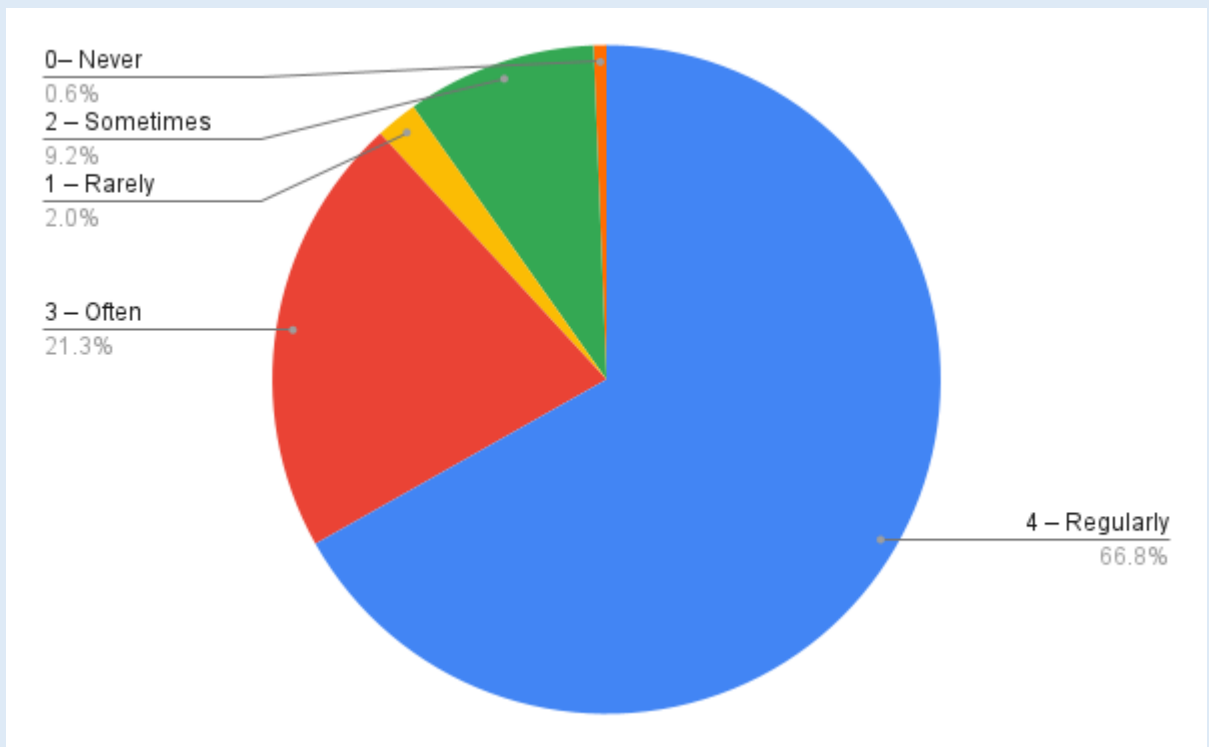

15. To what extent the institutional ambience and class room teaching has improved your creative thinking and analytical skills?

- 4 – High Level
- 3 –Appreciable Level
- 2 – Satisfactory Level
- 1 – Marginal Level
- 0– No opportunity given

16. How frequently your performance in academic assignments are discussed and reviewed with you by the teachers?

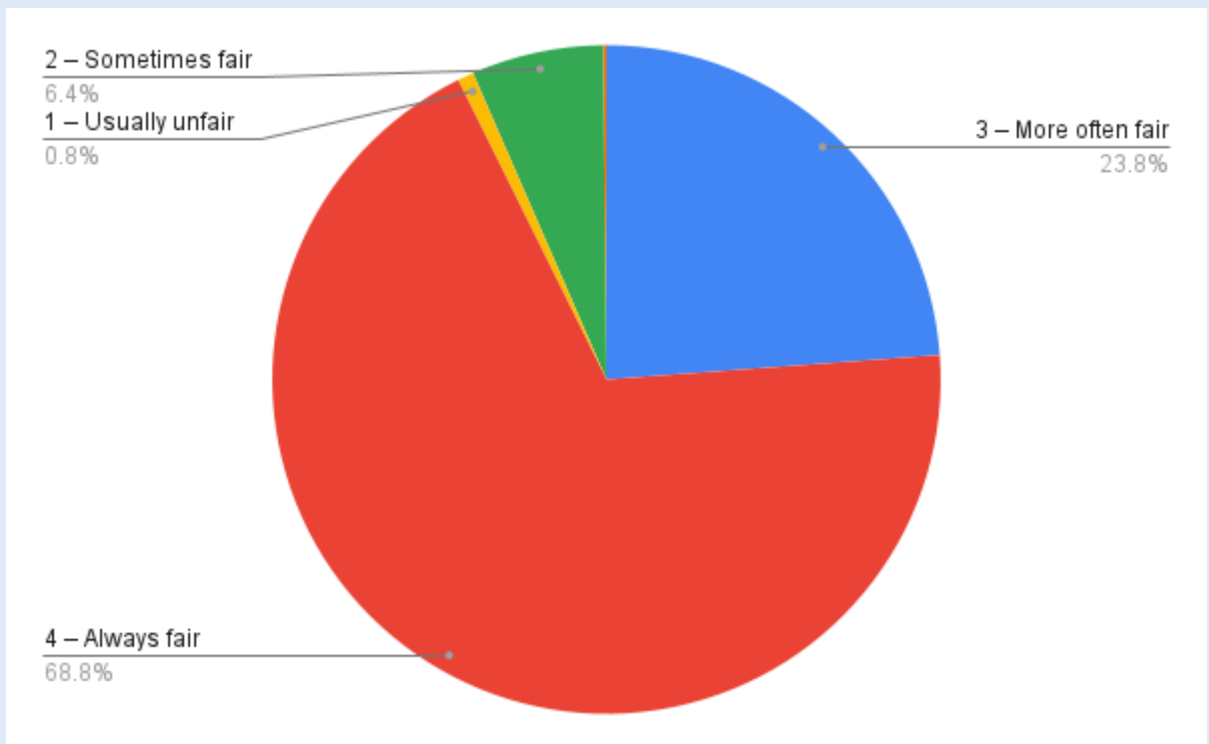

- 4 – Regularly
- 3 – Often
- 2 – Sometimes
- 1 – Rarely
- 0– Never

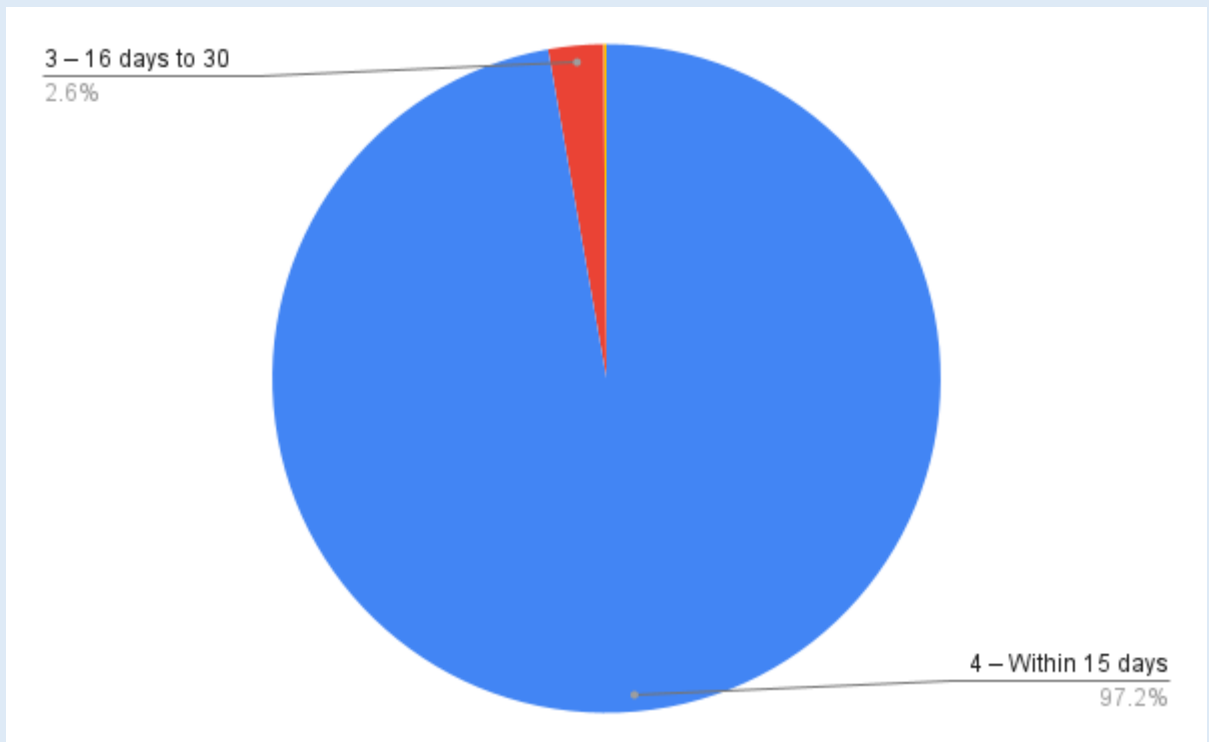

17. What is your assessment about the fairness of the internal evaluation process adopted by the teachers?

- 4 – Always fair
- 3 – More often fair
- 2 – Sometimes fair
- 1 – Usually unfair
- 0 – Always unfair

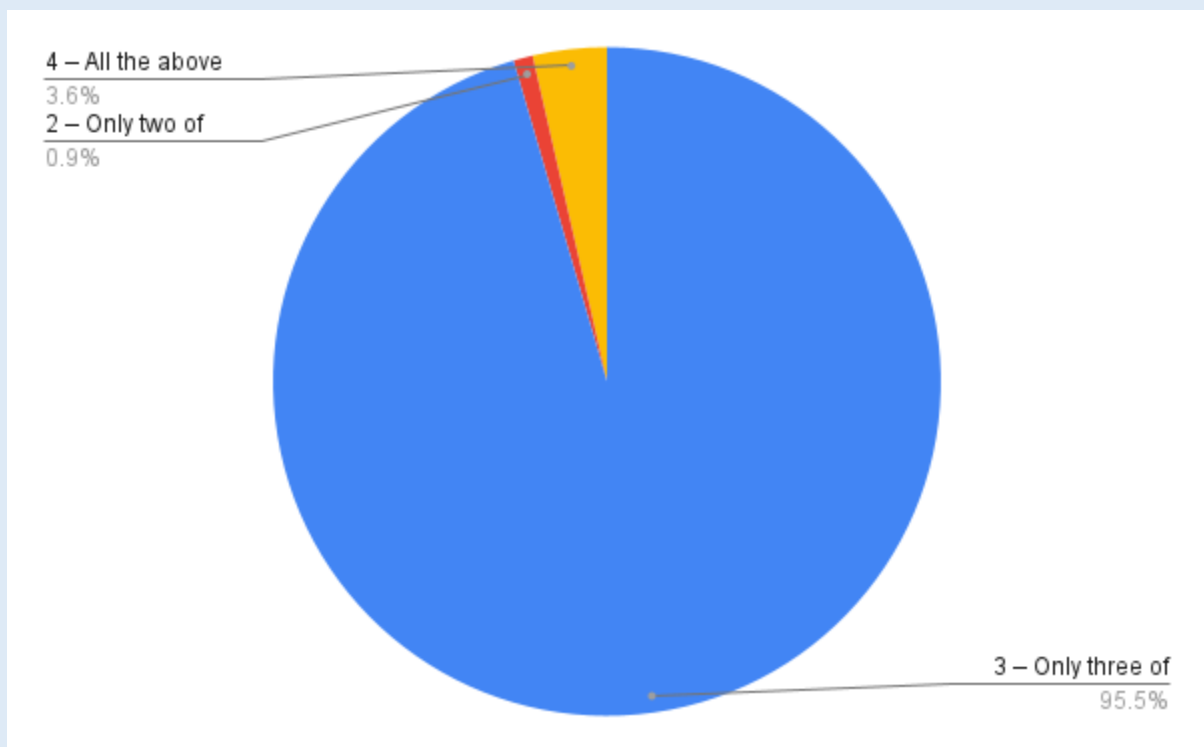

18. What is the average time taken by the institution for declaration of examination results?

- 4 – Within 15 days
- 3 – 16 days to 30 days
- 2 – 31 days to 45 days
- 1 – 46 days to 60 days
- 0 – Beyond 60 days

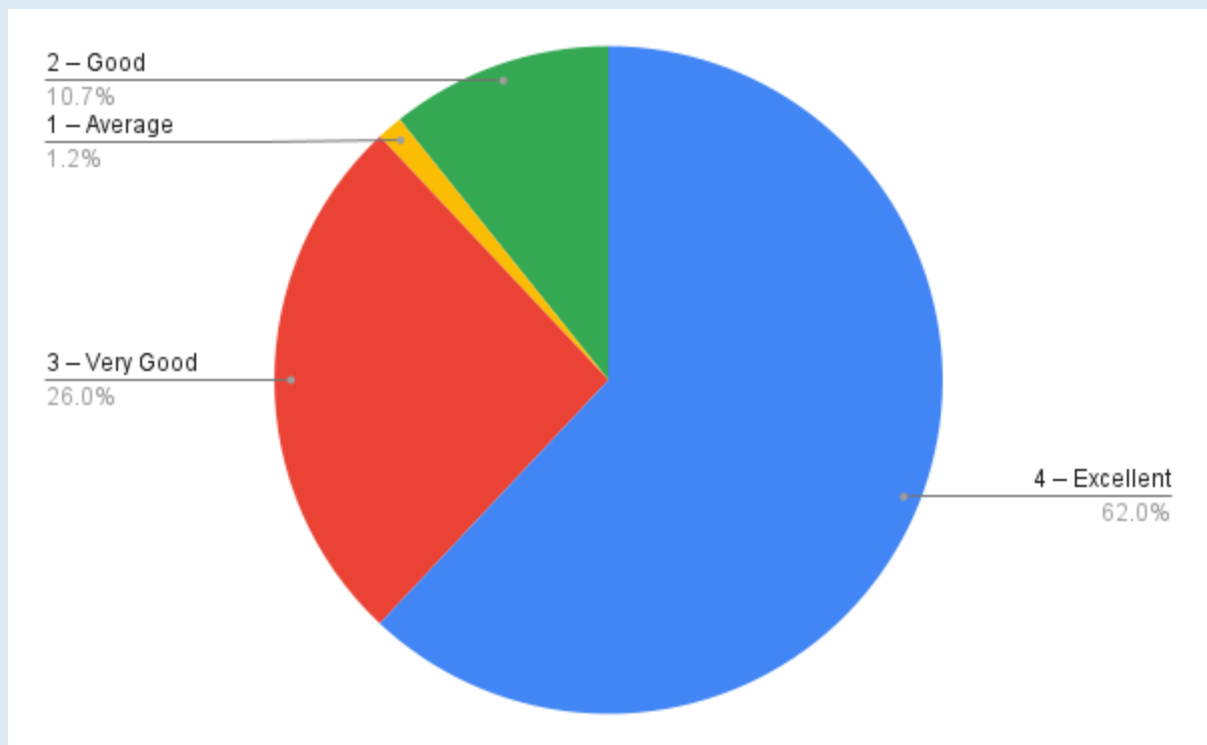

19. What are the mechanisms (issue of photocopy of answer sheet, re-totaling, re-evaluation and provision for grace marks) available in your institution for redressal of grievances with reference to examinations?

- 4 – All the above mechanisms
- 3 – Only three of them
- 2 – Only two of them
- 1 – Only one of them
- 0 – None

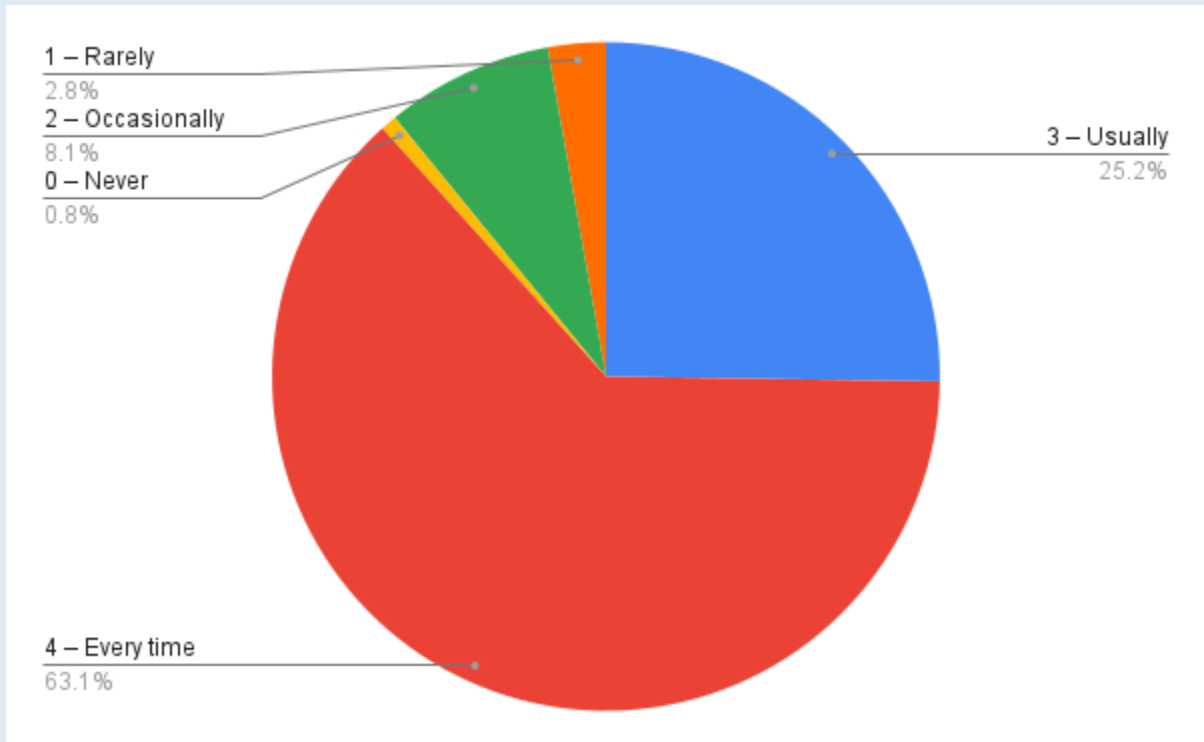

20. How do you rate the procedures involved in the pre examination, examination and post examination processes of the evaluation system adopted by your institution?

- 4 – Excellent
- 3 – Very Good
- 2 – Good
- 1 – Average
- 0 – Poor

21. Do your teachers enable you to identify your strengths and weaknesses and help you to develop your strengths and overcome your weaknesses by providing timely counseling and care?

- 4 – Every time
- 3 – Usually
- 2 – Occasionally
- 1 – Rarely
- 0 – Never

22. If you were to award rating for your institution in terms of “stars” in relation to quality of teaching, learning and evaluation, what would be your rating?

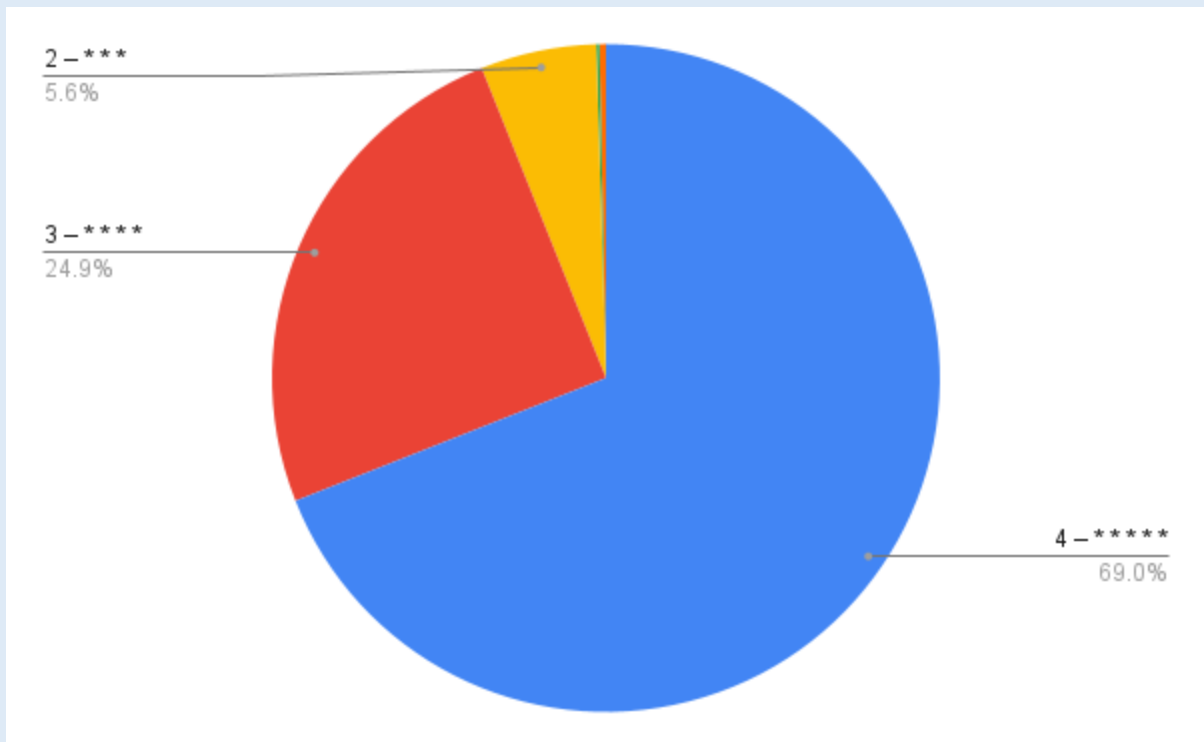

4 – \*\*\*\*\*

3 – \*\*\*\*\*

2 – \*\*\*

1 – \*\*

0 – \*

23. Give suggestions to improve the overall teaching, learning and evaluation process in your institution.

No suggestions
Everything perfect
More clinical cases to be discussed
Everything is good and all the things are going on perfectly
Serious mentorship
Everything is nice
More clinical exposure will be helpful such as trips to Healthcare centers
A. Medical quizzes if conducted, will be helpful for the students. B. Government Hospital and primary health center trips if conducted more often, would be helpful for the students.
College has all the facilities, well disciplined
Teaching on black board is more effective according to me
More clinical based classes
More clinical based classes
EVERYTHING IS PERFECT
Doubt sessions. More animated presentations
All are very good
More involvement of teachers in the curriculum
Group discussion
No suggestions
No
Participation should be voluntary in activity... More field visits.... Overall all is good...
Nothing
More interactive More communicable
No suggestions
Nice
Improve extra activities
MORE INTERACTIVE SESSIONS
Quite good in everything
No suggestions. Everything is well excellent
More e-resources could be utilized in teaching methods. Learning progress could be moderated individually through mentorship. Evaluation process could be more transparent.

it would be better if there was teaching on board sometimes instead of doing slide show in every topics

All are very good

Use chalk and board

INCREASE INTERACTIVE SESSION  
SELF DISCUSSION

To increase exposure in Hospitals and do field visits more often

More clinical questions  
More interactive seminars  
More tests and vivas

None

Good

AC practical room

Saturday half day

Nothing

Good

Good

Good teaching

Interaction with students  
Communication

Cancel Student teaching

More time for understanding concepts

Classes should be related with clinical cases

Deep teaching  
Communication with students

No suggestion

Nice

Teachers need to be more student friendly.  
More clear information needs to be given regarding exams.

Nice

More spaced conduction of the examinations

Nothing

Good conductance

Keep more interactive classes  
Some animated stuff while explaining  
Introduction of more curricular activities

Good level progress

No comments
No suggestions
As the education system is getting digitalized, encouragement of active use electronic resources by students should be encouraged instead of only sticking by traditional methods. For example, some people use their electronic notebooks to write notes, or use their devices to read books, as it is reduction of weight and less paper being used.
Good 👍
Individual attention to each student will be beneficial. Classes should be more inclusive and interactive rather than teaching from just PowerPoint presentations.
No suggestions!
No suggestions
Need more time to access and revise the topics before exam
None
Ppt should be accessible to all ug students ,, Portions for the exam should be completed at least 1 week before the start of exam
Good
More interactive sessions
Nothing it going well 👍
Nothing
Sports period after sessions Football pitch Improve Hostel bathroom
Sports period after sessions  Improve Hostel conditions
No suggestion.
Classroom teaching needs a bit of improvement.. most classes are just conducted on educomp without interaction
No suggestions
Everything god
More teacher student interaction.
It is good
<b>MORE INTERACTIVE CLASSES</b> <b>MORE SEMINARS TO BE CONDUCTED</b>
It is really good I'm satisfied
No

No
No suggestion
More clinical classes should be taken
Best college
BLDE is best with what it is. No improvement needed
Good
Nothing changes its going well 🖱
Everything is satisfactory
Good
None
None
The college is at its level best.so no improvement is required
Before the beginning of examinations or the day of examinations a time or a day(s) if given for preparation would be great.
Could reduce the bunking of classes before exams and in mean while we won't lose attendance on account of preparation for exams.
Apart from the above said others are fine.
By making classes more interactive
No suggestions
I am very much satisfied with the teaching and extracurricular activities provided by my college
No suggestion everything is well and good
Take dissection seriously pls sir.
Campus facilities like mess and hostels need to improve a lot. Moreover there should be some shops inside the campus
No suggestions
Nothing
Good everything
Strict written/viva should be conducted twice a month (once in every 15 days) under cctv footage
Fantastic
Adding more expressed and knowledgeable teacher to institute...
Integrated learning with bed side clinical.
Focus should be made on teaching and learning not on attendance and biometrics, these all are secondary things. Patient load should be increased in hospital by any means to increase the level of education. Basic facilities should be provided

More digitalization of teaching. Reevaluation of final answer books. More clinical exposure for students.
Very good
Overall very good
Excellent
Good
More clinical based classes
More one on one interaction with professors , interactive group discussions about cases
Image based quiz monthly Clinical based examination regularly Everyday compulsory clinical classes
Interactive seminars, friendly talks and happy atmosphere
Needs more use of skills lab
Increased clinical exposure with irl patient interaction
Surgery is best department
Excellent
More skills development time
Kindly provide more access to outside training program
Introduction of monthly theoretical exams Pedagogy Group discussions
Yearly schedules in prior
Skill based learning, orientation to new pgs at hospital ward and ICUs
Bedside teaching,
Bed side teaching
Everything is beyond excellence
More clinical aided teaching, guidance regarding soft skills and clinical tips and tricks for evaluation, diagnosis and treatment, exchange short courses from other institutes if feasible.
Provide modern equipment for teaching programmes
to make sure class will be conducted in serious manner, All staff have to attend and ask questions
Allow peripheral postings to cutis Bangalore Conduct 3 monthly exams
Better planned teaching programs, more outdoor internships
Excellent
It's all Good
Institution is good in all aspects
Clinical based teaching ,case discussion, theory teaching

More technical advances to be improved! Robotics! More Integrated teaching
None
More value added courses More hands on training on statistical software's
Multiple choice type of exams every now & then
Guest faculty teaching
Appoint more nursing staff. Automatically the standard of care goes up.
Good
The teaching and evaluation is very good.
Posting in super specialty
More latest advances classes,
Class hour less discussion period more
1. Involving students in teaching activity. 2. Field based learning. 3. Example based teaching.
It's an excellent department. No suggestions to be added
Everything is going smoothly... Keep going
Frequent tests and bedside clinics
Interinstitutional teaching programs Foreign specialist giving talk about certain topics

We expect to conduct more co-cirricular activities
SGD shld be conducted more
Nil
Everything is good
Time for revising Better use of ppt Proper clases for clinical subject
Nrthg
Every process is good and iam satisfied
This is
okayish
Pg course classes. NEXT classes
Make sports facilities and swimming pool available without money
Try to be more prepared
It's already perfect
1.introduce more interactive sessions 2.conduct more activities that will help in learning. 3.give homeworks to promote self-directed learning.
Should announce internals and other examination atleast 1 month prior
Good
Everything is good
Encourage more fitness
Good
No suggestions
The teaching here is excellent
Clinical side teaching
Everything is fine
1.More SGD's for self learning 2.Practicals should have more reality exposure 3.Daily some hour during college time for self study
More videos can be shown

<p>More viva  Communication skills should be improved  Many exams on regular subject</p>
<p>No suggestion needed they are best</p>
<p>Conducting of regular tests  MCQ test  Clinical teaching</p>
<p>1. Lecture hall should be always open, so that the students don't have to wait.  2. The classroom should be enlarged.  3 . Washroom should be facilitated more</p>
<p>Lecture hall should be opened early.</p>
<p>1.more field teaching  2.more innovative ideas  3.more entrngiung ideas</p>
<p>Lecture Hall to be opened early</p>
<p>No suggestion they are best</p>
<p>Practical teaching after the class</p>
<p>Providing timely counseling and care</p>
<p>Everything is good</p>
<p>Regular test  Mcq after each topic  More attention in clinical teaching</p>
<p>Satisfactory</p>
<p>Bedside Teaching during postings</p>
<p>Satisfactory overall good</p>
<p>Doubt clearance</p>
<p>No suggestions</p>
<p>1) TEACH A BIT SLOWLY  2) TAKE MORE AND MORE SDLS  3) REVISE THE TOPICS COVERED IN THE CLASS AGAIN</p>
<p>Alright</p>
<p>In the hospitals some departments like medicine which divide students into units, do not teach at all only few students get too learn while for the rest postings just becomes a time waste. The professor or doctor never comes to the ward</p>
<p>Doubt clearance sessions</p>
<p>More Visits to blood banks and skill labs for better knowledge attainment</p>

Teach a bit slowly Counselling
Need teaching in postings
Classes could be more small group based and can be more creative More time for self study would be appreciated Hospital postings more patient centric would be appreciated
Satisfied
Provide bigger class room
More exposure to patients in hospital
Good
Please provide a proper time table
Nothing is there to improve in this institution
More exposure to actual practices
Properly distributed timetable
Thank you
We need more exposure Flexible amount of time for girls to walk inside the campus Besides this everything else is found to be good
More of interactive learning
Small group discussions Seminars Animated pictures in ppts
None
Increase the clinical posting teachings
Need to do better
Counseling at intervals should be done.
Improve clinical posting bed side teaching
Everything is fine
Please repair the air conditioners,
Examination should be strictly conducted
More interaction among teachers and students.
They should conduct test papers of important questions
Nothing
Clinical workshops
It is very good already
None
Very helpful institutions
Nil
Can Alot some classes for skill lab learning

1. Timely revision classes should be taken  
2. More healthy competitive activities should be taken like quizzes and video learning should be included  
3. Recorded lectures should be added

No specific suggestions

Give holidays and exam schedule well beforehand not at end moment

More hospital visits

Practice tests, discuss internal with us

More efforts and clinical exposure

More interactive sessions needed

1) more field visits  
2) patient interaction opportunities  
3) feedback system

Please try to improve drinking water facility

1. university should conduct exam every 15 days interval  
2. student strength are also too much and we are studying about 180 students in a class strength of 150 people

I am satisfied

Please announce the exam dates 1 month prior.

Teaching during Clinical posting can be improved

We need more practice tests and a better discussion of our internal assessments so we understand how to address questions in the paper.

More hands on experience and exposure in the hospital

Teaching is good accordingly

By explaining the concepts in a more simpler terms  
Interactive sessions

1) introduction of a mentor student relationship so each student has a teacher to approach. 2) more clinical and site learning instead of classroom learning to gain experience. 3) increased activities like quiz and seminar to make the curriculum more interesting

1. Reintroduce blackboard teaching.  
2. Have more number of seminars to provide exposure to students  
3. Have more group discussions.

Teaching is very good

1. More Hospital exposure for Second and third phase students.  
2. Improvement in mess food and quality.  
3. More Green Campus.

- 1)-we should add more seminars for student - student interaction
- 2)-have more classes for second year subjects
- 3)-should add more practical in hospital

Examination should be conducted strictly without malpractices, as it is unfair for the students who are sincerely preparing for exams

Board and chalk teaching can be good

Mentors should evaluate students ability more and help them by giving instructions for their success

- 1) We should have more classes for regular subjects .
- 2) Remove Ukraine and China students they occupy our OTs n they we are not allowed to go in .
- 3) we should have more seminars for student student interaction .

A lot of time is taken up for taking attendance we suggest to go with a more developed method to save more time for class  
(Like using ID cards or biometric scan to mark the presence of student)

Use less ppt and start using blackboard or digital book where you can write draw and explain

Remove bias-ness

Other wise all good

More field based experiences, more assignments or home work sheets that are higher order skills oriented , more fair selection and more people presenting for events and more leadership experience and opportunities

More outdoor learning opportunities

Counseling

Mentorship

Teaching methods to be improved a lot.

No specific suggestions.

More out door learning options

Conduct exam more often

1) for the supplementary batch, we don't know our mentors.... So plz allot a mentor for us in each department

2) timetable is not proper... Plz provide a proper time table for us.

3) due to increase in the number of extra students ( Ukraine, Chinese) , we don't have place to sit. Plz solve this issue as soon as possible.

Classes could be more interactive.

Mentors should be allotted.

Should guide the student according to his marks . So that he/she can study well
1.More skill lab practice and skill teaching for students of all years 2. Part completion tests 3.MCQ practice
Proper coordination between department and student More sgd classes More opportunity regarding practical project work
More need of explaining subject concepts.
Field visit for UG's. To create regular test for the improvement of the performance in the exam. Re-evaluation of the paper.
Everything is good More case discussion in posting Exposure to field visit
More counseling of students
Topic wise cases and mcq can be discussed, even mcq oriented books can be made available in library {based on NEXT exam}
Need more communication between teacher and student
N.A
No suggestions
Iam satisfied with the overall teaching,learning,and evaluation process in my institution
Na
KEEP GOING THE SAME
Cancel Student teaching
More clinical based questions to be discused.
Separate time for more group or one on one interactions with the mentors
Everything is going good They could have given holidays between internal examination
Everything is perfect
It's good
Going good best luck, Dr Arvind Patil principal sir is Inspiration.
Field visit, ot,
None
No suggestions
More Vivas More interactive seminars
Good

The teaching should be more classroom oriented and less based on the slideshow.  
The students should participate more in the class.  
The use of PowerPoint is exhaustive in the classes.

- 1)clinical case problems must be taught
- 2)mcqs should be taken
- 3)student teacher interaction must be increased

It's good

Every thing is good.

It's good

Better student teacher interaction , take more time to cover topics

It's really good

I'm satisfied

Students should be given star rating or batch wise rating on their performance

Nil

its well and good!!

I have very much content and satisfied with the teaching provided in my university

No suggestions

Nothing

Good

We trust the process

Using of ppt for teaching

Very good .

No suggestions

Good

No comments

Nice

No improvement required

Satisfactory

Less student per dissection table

Everything is satisfactory

None

Everything is excellent

Good

Increase the number of outdoor learning activities like field visits, Volunteer projects, student exchanges

Time for preparation before the exams

More amicable classroom environment, more time in developing clinical skills, better student - teacher relationship

Give more focus on clinical exposure because this is important for next and there are certain units of certain department who do not teach as good as the other.

Administration should make proper timetable of classes and posting with priority of clinical subjects
<ol style="list-style-type: none"> <li>1. Mentors should be assigned.</li> <li>2. Test should be taken often .</li> <li>3. Seminar should be conducted .</li> </ol>
Teaching is very good
Decrease speed of teaching and also have to teach in local language ( kannada).and regular linkage of teaching they have to maintain and focus more on practical and taking exams on each units is better
Excellent
Every thing what the institution is providing us is excellent 👍
Good
We required skills based experience staff , We should get assignments ,seminars
More MCQ test
No complaints..
ALL GOOD
Some workers Making partiality with mbbs students & AHS students.They think we are separate from University & medical College also they are not adopting us as a student of medical College
Still somewhat care should be taken behind the students as to complete the syllabus on time
No more suggestions.
Excellent teaching
Inform us about the important topics according to university examination and most importantly neet pg.
<ol style="list-style-type: none"> <li>1. Give opportunities to improve our skills in laboratory often.</li> <li>2. Involve us in projects related to our course.</li> </ol>
<ol style="list-style-type: none"> <li>1.Please give us more opportunity to practice our skills in laboratory</li> <li>2.involve us in a projects which are related to our course</li> </ol>
Give importance to the students
NICE COLLEGE WITH GOOD EDUCATION AND MANY MORE
Offline class required for us
Provide some more required items in the practical hall Provide us to pay the fees in terms of installment
Slow down the speed of teaching
Overall Good
Teacher should be provided to all departments.
Overall Good

- 1 - Students should be exposed to clinical field to the greatest extent.
- 2 - Individual courses students should be taught separately so as to get them know how much they need to learn.
- 3 - Overall practical knowledge should be focused more

AHS Students should have cultural activities .

More multimedia resources

Overall our institute is the best institute ever! I don't have any problem or any suggestions to give to institute!! It's already the best.

But I want to say a thing please use the black board more than the pp

All over three process are good

All over three process are good

Please teach in detail , atleast on important topics related to that particular course.

Increase co-curricular activities.

Teach according to scheduled time table

Give more projects, new technology update can be given, education and educational research.

Everything is perfect

1). Effective Communication about changes & new developments, 2). Active learning at my own pace, 3). One weekly holiday to reflect upon what is learned during the preceding week.

No suggestion

Nothing much.good

No suggestions

No suggestions

Good

No suggestions

Provide more opportunities to develop skills to prepare for career

1.Involving in research work,2.conducting journal club,3.conducting sports.

Nothing

More interactive sessions

More frequent exams

Improvement of theory & practical teaching & conduct regular classes.

1. We want actual posting with learning

2. We want teacher for each subject

Classes should be taken

We want more teaching staff

Nothing they are the best

Good

There's ntg much to suggest But there's a request that teachers shuld teach instead of just reading slides
1. Teaching is good but there are less staff. 2. Provide more Allied Health course related reference books.
Best of all
No suggestions
Excellent
I DON'T KNOW
More activities , More use of AV aids will b more effective. Teachers are sound in knowledge n they help a lots thank you
1-Msc Teachers staff are not enough please hire some teachers 2- required books are not there
1-enough required books are not there 2- MSC teachers are not there
I feel paperwork is more....otherwise clinicals and teaching is good!
My university is good not nessary
Nice
Good
No suggestion
outdoor activities decrease Speed of teaching interaction with students
Posting on diet counseling should be add
Added creativity in learning nd CME facility will provide.
Not satisfied
Not stastified
Lab not held properly Lab portions are not completed Not satisfied with teaching
Better teaching
NA
Keep progressing
use of more teaching aids
Case based questions
NA
No suggestions everything good and managed

Can include more practical class Can have more online webinar Can give more activities to students
Satisfied
Perfect in all aspects
Program plan and implementation is good.
Good
Due to COVID 19 we are suffer a lot but those times also institute communicate well.
It's all good.
Doing great in all aspects
I would like to have more of student exchange programme and field trips
It is a nice institute with 100% academics
Good
All the faculty are extremely qualified and knowledgeable and teach very effectively.
Nil specific
Best teaching
Institute is excellently established
Bedside orientation for new pgs Workshops
Please appoint more physiotherapy staff
Nil
Everything is good
Bedside clinics Every other thing is good
1 implement of newer ways of audio visual aids 2 one to one interaction
More of practical oriented teaching
Study materials should provide, emphasize on evidence based medicine
Overall teaching, learning and evaluation process are very good.
There should be regular classes taken for all subjects one month prior to semester exams so that students get enough time for preparation.
Need more classes for discussion
It' s excellent
Nothing
Increase frequency Feedback, mentoring, workshop
Overall good
It's wonderful learning experience and supportive PhD committee.
Good

Use more media
Interdepartmental discussion
We are scared about our upcoming examinations please give the instructions for writing and attending, other..... Thank you
