5.1.2 - Capability enhancement and other skills development programs.

Preamble:

In today's dynamic and competitive environment, institutions play a pivotal role in fostering holistic growth and preparing individuals for real-world challenges. Capability enhancement and skills development programs aim to bridge the gap between academic knowledge and practical application by equipping participants with essential skills, professional expertise, and a growth-oriented mindset. These initiatives encompass diverse areas such as communication, leadership, technical proficiency, critical thinking, and emotional intelligence. These programs cultivate an ecosystem of continuous learning and self-improvement through structured workshops, interactive sessions, and hands-on training. By encouraging active participation and fostering innovation, BLDE (DU) has ensured that students are empowered to excel in their personal, academic, and professional endeavors. The details for the same are attached below.
